This book documents the work of contemporary artist David Reed b 1946 who from his earliest paintings in the 1970s to his more recent work has continually challenged notions of modern and postmodern art Reed s choice of long horizontal and vertical formats for some of his work was an influence of film and photography and his recent integration of mediums has furthered his resourceful aesthetic As David Reed noted in his interview in *Between Artists* Painting can reflect our current environment it has to be radically reinvented to be relevant to the present I want my paintings not to be nostalgic or sentimental that means they have to be about this moment A corollary of that is that they should be an integral part of life not separated in museums or galleries     **Lives of Paintings** ,2012     **Pennsylvania State Reports Containing Cases Decided by the Supreme Court of Pennsylvania** Pennsylvania. **David Reed** David Reed,2015 David Reed is one of the most influential artists in the United States He has taken a completely different direction from Imi Knoebel for expanding the spectrum of non representational art While at college and art school until 1968 he devoted himself at first to a form of landscape painting inspired by Abstract Expressionism before moving on single mindedly in the 1970s to a form of Minimalist gestural Abstraction Over the years the artist has developed a complex system for applying the paint in which an illusionist sense of depth and a painterly flatness interact in precarious ways At the same time the Cinemascope formats along with the sequences of movement within the paintings show the relevance of Reed s experiences with film Reed has devised a completely new site specific work for Museum Haus Lange Krefeld Germany in the form of one single painting Extending as it does through all of the exhibition spaces as a moving floating painting it demands that the beholder takes a kind of cinematographic approach to view it
