**The Name** David Meltzer,1984 Dearest Creature Amy Gerstler,2009-09-29 A surreal new collection from an acclaimed poet Hallucinogenic plants chant in chorus A thoughtful dog grants an interview A caterpillar offers life advice Amy Gerstler s newest collection of poetry Dearest Creature marries fact and fiction in a menagerie of dramatic monologues twisted love poems and epistolary pleadings Drawing on sources as disparate as Lewis Carroll and Mary Shelley s Frankenstein as well as abnormal psychology etiquette and archaeology texts these darkly imaginative poems probe what it means to be a sentient temporary flesh and blood beast to be hopelessly vividly creaturely **Mixology** Adrian Matejka,2009-05-26 Selected for the 2008 National Poetry Series by Kevin Young The poems in Adrian Matejka s second collection Mixology shapeshift through the myriad meanings of mixing to explore and explode ideas of race skin politics appropriation and cultural identity Whether the focus of the individual poems is musical digital or historical the otherness implicit in being of more than one racial background guides Matejka s work to the inevitable conclusion that all things no matter how disparate are parts of the whole *Text and Drugs and Rock 'n' Roll* Simon Warner,2013-03-14 *Text and Drugs and Rock n Roll* explores the interaction between two of the most powerful socio cultural movements in the post war years the literary forces of the Beat Generation and the musical energies of rock and its attendant culture Simon Warner examines the interweaving strands seeded by the poet novelists Jack Kerouac Allen Ginsberg William Burroughs and others in the 1940s and 1950s and cultivated by most of the major rock figures who emerged after 1960 Bob Dylan the Beatles Bowie the Clash and Kurt Cobain to name just a few This fascinating cultural history delves into a wide range of issues Was rock culture the natural heir to the activities of the Beats Were the hippies the Beats of the 1960s What attitude did the Beat writers have towards musical forms and particularly rock music How did literary works shape the consciousness of leading rock music makers and their followers Why did Beat literature retain its cultural potency with later rock musicians who rejected hippie values How did rock musicians use the material of Beat literature in their own work How did Beat figures become embroiled in the process of rock creativity These questions are addressed through a number of approaches the influence of drugs the relevance of politics the effect of religious and spiritual pursuits the rise of the counter culture the issue of sub cultures and their construction and so on The result is a highly readable history of the innumerable links between two of the most revolutionary artistic movements of the last 60 years *Rock Tao* David Meltzer,2022-03-21 Edited by Patrick James Dunagan *ROCK TAO* is a rambling cohesive rock n roll poetics diary originally written in 1965 as Meltzer listened to KEWB in

San Francisco transcribing lyrics of top hit songs Along the way he samples scientists philosophers psychologists musicians starlets figures who defined what the sixties would come to be and how they would be remembered ROCK TAO is penetrating in its critical view of the consumer culture taking shape in America Meltzer said I began examining what is famous in America as a way to sight those archetypal inventions peculiar to the land He presciently anticipated the homogenizing walmartification of how the country would develop over the next 50 years The rollicking collage form of ROCK TAO is a continuation of novelist John Dos Passos epic USA Trilogy Poetry Literary Nonfiction [Absentia](#) William Stobb,2011-09-27 New from the author of Nervous Systems winner of the National Poetry Series William Stobb has won acclaim for wide ranging poetry that features tender realism jazzy dissonance luminous descriptions and in the words of Donald Revell a strange and elegantly accomplished serenity of tensions attenuated to their uttermost The poems in his second collection Absentia see the big picture the sweep of history the ongoing evolution of consciousness evidence of geological time in the landscape Humbled by scales beyond comprehension Stobb is nonetheless seduced and stricken by the present in its many manifestations Whether dealing with family friends or nature the poems in Absentia with their rich emotional palette and vivid precise language respond and transform calling us to attend to the wide skies above and inside us **Another Reason** Carl Dennis,2014-03-25 From the winner of the Pulitzer Prize and the Ruth Lilly Prize The poems in Carl Dennis s new collection Another Reason assume that our efforts to reason with ourselves and with others about what matters to us are necessary to escape the purely private point of view to provide the houses we live in with doors and windows These poems enact a drama of attempted persuasion as the poet confers with himself with intimates and with strangers if only in the hope that by defining differences more precisely one may be drawn into a genuine dialogue As the poet asserts and questions his own authority encountering a wide range of competing claims from other voices we find ourselves included in a conversation that deepens our notion of the human community **Terroir** Robert Morgan,2011-09-27 The first full length collection in more than a decade from the award winning poet and author of the bestselling novel Gap Creek Robert Morgan has won acclaim for sonorous poems rooted in his native Blue Ridge Mountains that feature taut forceful often haunting imagery and carefully chiseled phrases The poems in Terroir build on his earlier work but reach out in several new directions exploring memory family narratives the natural world of trees and forest animals and the poetry of work Readers of Morgan s fiction will recognize many places themes and voices while fans of his poetry will see a fresh energy in poems drawing on science and folklore Native American history and music These elegantly written poems celebrate everything from the bonds of friendship and community to the fleeting sparkle of a drop of rain discovering wonder in the local and familiar the sacred in the everyday [Under the Sign](#) Ann Lauterbach,2013-09-24 A new collection from the author of Or To Begin Again a finalist for the 2009 National Book Award in Poetry Ann Lauterbach is one of America s most innovative and provocative poets acclaimed for her fierce sensuous and intellectually charged poems In this her ninth book of poems Lauterbach pursues

longstanding inquiries into how language forms and informs our understanding of the relation between empirical observation and subjective response worldly attachment and inwardness the given and the chosen The poems set out not so much to find cogent resolutions to these fluid dyads as to open them to the fact of unknowing that is at the core of all human curiosity and desire A central prose section tracks along a meditative edge engaging the risky task of opening the mind to the limits of apprehension the final section evokes in the figure of the instructor the essential contemporary question of how information becomes knowledge
