Consequences Scott Burnell, 2021-04-15 Fourteen year old Heather O'Rourke's life was decimated when her older brother was shot and killed during a traffic stop in Los Angeles. The suspect fled to Mexico and the sheriff's department appeared to have given up on pursuing him. Five years later, feeling angry and abandoned by the very agency her brother laid his life down for, she made a dangerous decision to seek help from a stranger to get justice for her brother. As a student athlete at UCLA, she was taking a chance at getting caught and ruining her volleyball career. But for her, it was worth it. Family was more important. She was told that the man she was going to see had the ability to help her. However, it was up to her to convince him into doing it. She didn't have any money to give him, but she still had her innocence. She was terrified and desperate. Heather had to make a decision that no woman should ever have to make. It was a decision that would change her life forever. On the surface, Andy DiPaola seemed to be a man who had everything a man could want: good looks, money, a successful business, political power, and a lakefront home in Lake Arrowhead, California. But having been through several tragedies himself, he was left with an emptiness in his life. Everybody in his life had either been taken from him or had left him. From the moment Heather entered his office to the moment she left, he was intrigued and attracted to this beautiful woman. He told himself that this was the girl that he had been waiting for his whole life. But unfortunately, if he did this favor that she asked of him, he could never be with her. But the right thing to do was to help her. *Unintended Consequences* captures the heartbreak of losing loved ones and how those tragedies could lead to new beginnings with unexpected happiness filled with romance, surprises, and most of all, everlasting love.

A Dress in a Window Marie Astor, 2010-11-23 *A Dress in a Window* is a collection of short stories about love, coincidences, and fate. What the readers are saying: What an enjoyable short story collection! Marie Astor has a real gift for storytelling. This collection has romance, everyday life vignettes, and even a sprinkle of magic. An entertaining fun read. While the subject of the stories varies from romance to everyday life to a bit of satire, I liked the fact that all stories share a hopeful ending, which is something that I found to be uplifting and enjoyable. A wonderful collection of short stories with real characters and substance. I just finished *Lucky Charm*, a contemporary romance by this author, and thought I'd give her short story collection a try. I loved the characters and the richly plotted stories. I absolutely loved this short story collection. My favorites are *A Dress in a Window* and *A Chance Encounter*. If you enjoy love stories, take a chance on *A Chance Encounter* and *Other Stories*. This is my second book by Marie Astor. I also read *LUCKY CHARM* and loved it as well.
