of Confederate Diplomacy Abroad Edwin De Leon,2005 One of the South s most urgent priorities in the Civil War was
obtaining the recognition of foreign governments Edwin De Leon a Confederate propagandist charged with wooing Britain
and France opens up this vital dimension of the war in the earliest known account by a Confederate foreign agent First
published in the New York Citizen in 1867 68 De Leon s memoir subsequently sank out of sight until its recent rediscovery by
William C Davis one of the Civil War field s true luminaries Both reflective and engaging it brims with insights and immediacy
lacking in other works covering everything from the diplomatic impact of the Battle of Bull Run to the candid opinions of
Lord Palmerston to the progress of secret negotiations at Vichy De Leon discusses among other things the strong stand
against slavery by the French and a frustrating policy of inaction by the British as well as the troubling perceptions of some
Europeans that the Confederacy was located in South America and that most Americans were a cross between Davy Crockett
and Sam Slick With France s recognition a priority De Leon published pamphlets and used French journals in a futile attempt
to sway popular opinion and pressure the government of Napoleon III His interpretation of the latter s meeting with
Confederate diplomat John Slidell and the eventual mediation proposal sheds new light on that signal event De Leon was a
keen observer and a bit of a gossip and his opinionated details and character portraits help shed light on the dark crevices of
the South s doomed diplomatic efforts and provide our only inside look at the workings of Napoleon s court and Parliament
regarding the Confederate cause Davis adds an illuminating introduction that places De Leon s career in historical context
reveals much about his propagandist strategies and traces the history of the Secret History itself Together they open up a
provocative new window on the Civil War Shoe and Leather Reporter ,1920
