Dangerous Plays:

Dangerous Plays Carolyn Keene, 2011-09-13 Dad Bess and I are all set for London when Ned's Shakespeare professor asks us to do a simple favor to take a look at his townhouse while we're there since he can't seem to locate the housekeeper and fears something's wrong. Sounds easy enough so I take the key. Eager to cross the favor off our list we stop by 53 Banbury Square shortly after we land. And let's just say things in the townhouse aren't quite tip-top. And the key. Well, it unlocks a Pandora's box of serious trouble. [The Theatre](#), 1911 [Four Original Plays](#) Augustus W. Dubourg, 1883

Fiore dei Liberi's Armizare Robert N. Charrette, 2011-12-31 Armizare, the Art of Arms, was the name the warriors of medieval Italy gave to their martial art which included the wielding of sword, axe and spear with wrestling, knife fighting and mounted combat. In the waning years of the 14th century Fiore dei Liberi was a famed master of this art whose students included some of the most renowned and dangerous fighting men of his day. Toward the end of his life Master Fiore preserved his teachings in a series of illustrated manuscripts, four of which have survived to the present day and have become the basis of a world-wide effort to reconstruct this lost martial art. However, because medieval books were written for an audience with different expectations than the modern readers, how to manuals today's students often have trouble understanding the old swordsman's choices in including, omitting or organizing information as he did. They may see that fighting art was a system but lack the background to see the systematic instruction of the book itself. In *Armizare: The Chivalric Martial Arts System of il Fior di Battaglia* Robert Charrette brings together his experiences as a martial artist and respected 14th-century living historian with his skills as a professional author, graphic artist to not only take readers on a walking tour of Master Fiore's manuscripts but into the mindset behind its creation. More than just an interpretation of an old book's contents, this is a tool kit that reveals Fiore dei Liberi's brilliance as not just a fighter but as a martial arts teacher. Whether a long-time student, a newcomer to the art, or a more academic devotee of the medieval warrior and his craft, readers will find themselves educated and entertained as a door is opened into another time and place, the training hall of the medieval knight. **Reading with Feeling** Susan L. Feagin, 2018-10-18

Feelings and other affective responses to a work of fiction are an important part of appreciation, and the capacity to inspire such responses is part of what is valuable about literary works of art. Susan L. Feagin's philosophical exploration of appreciation, focusing specifically on its emotional or affective components, asks us to consider aesthetic appreciation as getting the value out of the work. Appreciation involves exercising abilities. Feagin develops a psychological model for understanding how one becomes emotionally engaged with something one knows is fictional. She stresses the importance of the role of imagination in producing affective responses. Imagination is harnessed by the writer's choice of phrase or depiction of detail. Feagin cites the work of Angela Carter, Molly Keane, Heinrich Böll, Gabriel García Márquez, and draws an extended example from Henry James. She notes that not all responses to a work are relevant or appropriate and discusses a variety of ways responses may be assessed. Even though assessing responses can

stifle imagination and hence threaten spontaneity and the responses themselves the value of having affective responses to fiction depends upon our being able to make such assessments Whatever else we may gain appreciating a work getting the value out of it is one means of extending the capacities of our own imaginations
