 Mother invites a young woman to take her soul s great adventure by painting a new piece of animal art on the walls in the
 deepest chambers of the awesome Great Cave The time has come for Little Bear to make the life altering choice to overcome
 her fear of the terrifying old shaman and in doing so unalterably change all the lives her soul will subsequently experience
 even as her lion eye reappears in each lifetime to identify her avatar But before she may embark on her hero s journey she
 must be initiated as hunter and then as Seer through trials ordeals and the revelations of her people s mythology expressed
 in the art of the Cave The tale builds to an unexpected climax as one soul experiences many lifetimes in a hunting culture
 where being born female or male homosexual or heterosexual young or old are equally valid ways of being human Inspired by
 the work of Joseph Campbell and the artwork of France s 35 000 yearold Chauvet Cave the novel takes a fresh look at and is
 a new take on the life ways and religion of our earliest ancestors through Little Bear s encounters with shamans hunters
 avatars and painted caves This story reveals that the spiritual messages hidden within this magnificent incredibly ancient art
 are the same metaphysical beliefs of the New Age and the same universal human truths at the heart of every world religion
