Girl In A Red Tunic:

Girl in a Red Tunic Alys Clare,2009 *Girl in a Red Tunic* Alys Clare,2006 Abbess Helewise is struggling to keep the Abbey going through a brutal winter and in the midst of this hardship her son returns after 20 years in desperate need of help. Then a man is found strangled and the next day her son flees. Helewise and Josse d Acquin must now investigate the past to a time before Helewise took the veil. Were her handsome husband and her enigmatic father in law all that they seemed. And can she prevent another terrible murder or will the sins of the fathers be laid upon her innocent son **Red-Robed Priestess** Elizabeth Cunningham,2013-02-05 After a life of passion and adventure that has brought her through slavery to the Resurrection garden through the controversies of the Early Church to a hermit cave in southern Gaul Maeve the Celtic Mary Magdalen returns to the Holy Isles accompanied by Sarah her daughter with Jesus. Their mission to find Maeve's first born child stolen from her by the druids more than forty years ago. Since then Maeve's homeland has suffered its own trials Roman invasion and occupation. The Celtic tribes to the east and south are under direct rule and the Romans are determined to rout the resistance of the western tribes resistance fueled by the druids of Mona. Just before she crosses the channel from Gaul to Britain Maeve encounters a man she mistakes for Jesus's ghost. This familiar stranger is equally haunted and the two are drawn into a moonstruck liaison that will entwine their lives in an impossible Celtic knot. For unbeknownst to Maeve at the time he is none other than General Gaius Suetonius Paulinus the newly appointed Roman Governor of Britain. Maeve keeps this troubling trust a secret even after she finds her long lost daughter Boudica the fierce and charismatic queen of the Iceni tribe. Druid trained in her youth Boudica married the Iceni king hoping to rally him to a rebellion for which he has no stomach. Now estranged from her husband Boudica keeps the old ways sustained by her pride in her descent from her father and Maeve's late great druid Lovernios. Seeking to circumvent disaster Maeve travels back and forth from Iceni country to Mona from the heart of native resistance to a Roman fort on the Western front steadfast in her conviction. Love is as strong as death Midnight Webs George Manville Fenn,1872 **Begumbagh** George Manville Fenn,1879 **Women Directors** Barbara Quart,1989-12-12 Quart here extends her previous writings on what she terms the best narrative cinema women centered cinema and feminist filmmaking. Quart addresses American Western European and Eastern European directors closing with Third World examples. Arguing that independent filmmaking best serves the quest for a woman's voice and vision. Quart chronicles the survival of women directors. She traces a heritage of women directors inside the Hollywood system and beyond. This excellent study is recommended for undergraduates in film and women's studies. Choice. The current level of activity among women directors is unequalled in the history of feature films. This unprecedented study examines major contemporary women directors of narrative feature film their themes their art and the circumstances under which they work. Quart contends that women are creating a film language and film sensibility that are unique strong and until now unexplored. Her discussion centers on the ties between women directors rather than on a survey of women who direct films. Beginning

with the antecedents to today's burgeoning number of women directors the study progresses to American women directors. Subsequent chapters focus on women directors in Western Europe and Eastern Europe with some attention as well to Asia and Latin America.

With an emphasis on exploring measurable aspects of ancient narratives Maths Meets Myths sets out to investigate age-old material with new techniques. This book collects for the first time novel quantitative approaches to studying sources from the past such as chronicles, epics, folktales, and myths. It contributes significantly to recent efforts in bringing together natural scientists and humanities scholars in investigations aimed at achieving greater understanding of our cultural inheritance. Accordingly, each contribution reports on a modern quantitative approach applicable to narrative sources from the past or describes those which would be amenable to such treatment and why they are important. This volume is a unique state-of-the-art compendium on an emerging research field which also addresses anyone with interests in quantitative approaches to humanities.
