Navajo Trading Willow Roberts Powers, 2001. Traders were the link between Anglo-American culture and the Navajo people. Stake Your Claim Kim Watters, 2003. Eden Delgado holds Charles Kipling personally responsible for her father's death in a mining accident twenty years ago. There's no way she'll allow his smooth-talking, good-looking grandson, Jake, to resume operations. Jake Kipling has his own agenda and wants to restore the family mining tradition in Arizona. As a Kipling, he wants to prove he can provide jobs and services as his ancestors once had. As a man, he wants to connect with his past and discover the life of a father he never knew. His father was also one of the men killed. Eden, this passionate, loyal woman, a woman who weaves her way into his heart and his soul, fascinates Jake. But when it comes to love, can Jake walk away from his obligations and his heritage? Can Eden, who is attracted to his strength and protectiveness, betray the cherished memories of her father by falling for him?

bestselling author Shelly Crane. Maggie is a seventeen-year-old girl who's had a bad year. Her mom left, her dad is depressed, she's graduating barely, and her boyfriend of almost three years dumped her for a college football scholarship. Lately, she thinks life is all about hanging on by a thread and is gripping tight with everything she has. Then she meets Caleb. She saves his life and instantly knows there's something about him that's intriguing, but she is supposed to be on her way to a date with his cousin. But things change when they touch; sparks ignite. Literally. They imprint with each other, and she sees their future life together flash before her eyes. She learns that not only is she his soul mate and can feel his heartbeat in her chest, but there is a whole other world of people with gifts and abilities that she never knew existed. She herself is experiencing supernatural changes unlike anything she's ever felt before, and she needs the touch of his skin to survive. Now not only has her dad come out of his depression to be a father again and a pain as well, but Caleb's enemies know he's imprinted and are after Maggie to stop them both from gaining their abilities and take her from him. Can Caleb save her, or will they be forced to live without each other after just finding one another? Read the epic love story before the TV show.
