Alexandr Nicolaevich Batalov, 2019-12-06 271 pages black and white photographic illustrations **HMS Arawa** Allan A. Murray, 2016-12-26 The Series Men and Ships at War describes the service of a number of ships from the middle of the 20th Century The connective thread of the Series is the family members of the author who served either aboard or alongside these ships during World War II The Series includes the service of the ships HMS Arawa and HMA Ships Nepal Mildura and Australia as well as the merchant vessels SS Iron Chieftain and Iron Knight The latter two were sunk during the War by Japanese submarines The three key protagonists are Bobby Forbes his brother Arthur Dukesy Forbes and George Anderson The Forbes brothers are paternal great uncles of the author and George Anderson is the maternal grandfather Between them they served in every ocean against every foe and their sea time encompassed every year of the War All three survived the War This first book in the Series is a description of the service in early World War II of the armed merchant cruiser HMS Arawa with Bobby Forbes on board No stranger to drama for 15 years she transported passengers between Australasia and England amid financial collapses corporate restructures route changes and even a name change At the outbreak of World War II TSS Arawa was hastily converted to an armed merchant cruiser in Sydney Australia With a top speed of 28 kilometres hour no armour plating seven 1898 vintage 6 inch guns with no central fire control system and a crew of mainly Australian Navy Reservists this unglamorous warship was dispatched to Hong Kong before serving in the Indian and Atlantic Oceans Her two years of service saw HMS Arawa at the centre of a diplomatic incident between the United Kingdom and Japan be offered as a sacrificial lamb to German surface raiders and warships hunting Allied merchant vessel convoys and duel with German and Italian submarines and aircraft in the Battle of the Atlantic This book tells for the first time the tale of each of these dramas and more They are indicative of the experience of many of the armed merchant cruisers in World War II German Raiders Paul Schmalenbach, 1979 **Cruisers and Battle Cruisers** Eric W. Osborne, 2004-11-23 Fast cruisers the eyes of the fleet were the standard bearers of empire the ultimate warships of gunboat diplomacy no other vessel class was so well equipped to serve as both a working war machine and a projection of national might Cruisers and Battle Cruisers explores the pivotal importance of cruiser class ships to naval warfare and in a wider scope world politics In vivid but accessible detail it describes the milestones of cruiser design and deployment from mid 19th century development of steam propelled ironclads to the World War I introduction of battle cruisers from the decisive naval engagements of World War II and the addition of missiles and computerized systems to the most recent developments Readers will see how specific technological changes progressively increased the destructive power

of cruisers and altered their combat roles how design innovations altered the quality of life aboard ship and how cruisers came to be called upon to serve a variety of noncombat roles in war and peace

Fighting the Great War at Sea Norman Friedman,2014-10-15 While the overriding image of the First World War is of the bloody stalemate on the Western Front the overall shape of the war arose out of its maritime character It was essentially a struggle about access to worldwide resources most clearly seen in Germany s desperate attempts to counter the American industrial threat which ultimately drew the United States into the war This radical new book concentrates on the way in which each side tried to use or deny the sea to the other and in so doing describes rapid wartime changes not only in ship and weapons technology but also in the way naval warfare was envisaged and fought Melding strategic technical and tactical aspects Friedman approaches the First World War from a fresh perspective and demonstrates how its perceived lessons dominated the way navies prepared for the Second World War [The New Hazell Annual and Almanack](#) ,1918

The Fourth Service John Slader,2010-06-04 Here at last is the true story of the merchant fleet during World War II the non fighting service in which 32 000 men died yet whose essential role has never been fully appreciated The author himself a member of the service from 1941 47 relates the stories of merchantmen and their crews with unique insight From the early days of the war to the day of victory on the Rhine through combined operations in the Mediterranean and at Normandy the complete operation of the fleet is examined with vivid accounts of the horrific losses undergone the heroism of the crews and the sacrifices endured to ensure that Britain received its essential supplies of food oil and raw materials Highly illustrated this book will be absorbing for the war historian maritime enthusiast and general reader alike
