Arms Trade

**Robert E. Harkavy, Stephanie G.
Neuman**

Arms Trade:

The International Arms Trade Rachel Stohl, Suzette Grillo, 2009-11-09 This book explores the complexities and realities of the global conventional weapons trade. It traces the history of the arms trade and examines how it has evolved since the end of the Cold War. In particular, the role of the largest arms exporters and importers and the business of selling conventional arms around the world are assessed, and new light is shed on the illicit arms trade and the shadowy dealers who profit from their deadly commerce. The book also looks closely at the devastating effect the business can have on countries, societies, and individuals and concludes with an evaluation of the various existing control strategies and the potential for future control opportunities. Book Jacket *The International Arms Trade* Rachel Stohl, Suzette Grillo, 2013-04-29 The multi-billion dollar business of the international conventional arms trade involves virtually every country in the world. Around the globe, people's lives are being irrevocably changed by the effects of guns, tanks, and missiles. These weapons have the potential to cause a deadly and current threat, one responsible for hundreds of thousands of deaths a year. This succinct and accessible new book explores the complexities and realities of the global conventional weapons trade. The first book on the subject in nearly a decade, *The International Arms Trade* provides an engaging introduction to the trade, the effects, and the consequences of these weapons. The authors trace the history of the arms trade and examine how it has evolved since the end of the Cold War. In particular, they assess the role of the largest arms exporters and importers, the business of selling conventional arms around the world, and shed new light on the illicit arms trade and the shadowy dealers who profit from their deadly commerce. The book also looks closely at the devastating effect the business can have on countries, societies, and individuals and concludes with an evaluation of the various existing control strategies and the potential for future control opportunities. *The International Arms Trade* will be invaluable for students and scholars of international relations and security studies and for policymakers and anyone interested in understanding more about the conventional arms trade.

The Small Arms Trade Matthew Schroeder, Dan Smith, Rachel Stohl, 2012-12-01 Small arms are responsible for over half a million deaths each year. Despite this terrifying statistic, millions of guns flow into the streets of the world each year. It is a multi-billion dollar industry and one which is barely regulated. From AK 47s to M16 rifles, from Terrorist-owned shoulder-fired missiles to child soldiers, this enlightening guide reveals the disturbing reality behind the murky underworld of international arms trading. Explaining how deals can often operate on the edge of legality and listing the world's main players, it goes on to ask how the exchange of small arms can be tightened in the future. Full of insight and anticipating the danger of ever lighter and more powerful weapons, this is required reading for anyone who wishes to understand the world today and one of the key threats to development, prosperity, and international peace. *The Business of Armaments* Joanna Spear, 2023-01-19 How did Britain's most prominent armaments firms, Armstrongs and Vickers, build their businesses and sell armaments in Britain and overseas from 1855 to 1955? Joanna Spear presents a comparative analysis of these firms and considers the relationships they

built with the British Government and foreign states She reveals how the firms developed and utilized independent domestic strategies and foreign policies against the backdrop of imperial expansion and the two world wars Using extensive new research this study examines the challenges the two firms faced in making domestic and international sales including the British Government's commitment to laissez faire policies prejudices within the British elite against those in trade and departmental resistance to dealing with private firms It shows the suite of strategies and tactics that the firms developed to overcome these obstacles to selling arms at home and abroad and how they built enduring relationships with states in Latin America Asia and the Middle East

The Arms Trade Treaty: A Commentary Andrew Clapham, Stuart Casey-Maslen, Gilles Giacca, Sarah Parker, 2016-07-28 The United Nations Arms Trade Treaty became binding international law in late 2014 and although the text of the treaty is a relatively concise framework for assessing whether to authorize or deny proposed conventional weapons transfers by States Parties there exists controversy as to the meaning of certain key provisions Furthermore the treaty requires a national regulatory body to authorize proposed transfers of conventional weapons covered by the treaty but does not detail how such a body should be established and how it should effectively function

The Arms Trade Treaty A Commentary explains in detail each of the treaty provisions the parameters for prohibitions or the denial of transfers international cooperation and assistance and implementation obligations and mechanisms As states ratify and implement the Treaty over the next few years the commentary provides invaluable guidance to government officials commentators and scholars on the meaning of its contentious provisions This volume describes in detail which weapons are covered by the treaty and explains the different forms of transfer that the Arms Trade Treaty regulates It covers international human rights trade disarmament humanitarian law criminal law and state to state use of force as well as the application of the treaty to non state actors

The Arms Trade Bernard Harbor, 1988 Discusses the arms trade how it works whether it is sufficiently controlled and whether there are alternative forms of trade

The Arms Trade Robert E. Harkavy, Stephanie G. Neuman, 1994 Since 1889 The American Academy of Political and Social Science has served as a forum for the free exchange of ideas among the well informed and intellectually curious In this era of specialization few scholarly periodicals cover the scope of societies and politics like The ANNALS Each volume is guest edited by outstanding scholars and experts in the topics studied and presents more than 200 pages of timely in depth research on a significant topic of concern <http://ann.sagepub.com>

The Arms Trade Noël Merino, 2009 The Current Controversies series examines today's most important social and political issues Each volume presents a diverse selection of primary sources representing all sides of the debate in question These are excellent resources for research or debate that will rouse students interested in contemporary and controversial topics Booklist Book jacket

Rulers, Guns, and Money Jonathan A. Grant, 2007-03-15 Challenging traditional views of arms dealers as agents of their own countries Grant asserts that these firms pursued their own economic interests while convincing their home governments that weapon sales meant national prestige and influence Grant tells how

the resulting arms trade eventually led to an all out arms race and ultimately to war

No-Nonsense Guide to the Arms Trade Nicholas Gilby, 2009-09-01 One of the few up to date works on the whole of the arms trade this book puts the global trade in weapons in the context of history and includes recent controversial deals as well as case studies on Saudi Arabia Iraq and Darfur It exposes the cynicism bribery and insider deals that characterize the conventional trade and the hidden world of torture Nicholas Gilby led the Campaign Against Arms Trade CAAT in its efforts to expose the corruption at the heart of Britain s arms deals with Saudi Arabia over the past four decades In 2008 he forced the disclosure of many documents concerning corruption in Britain s arms deals with Saudi Arabia

The Global Arms Trade Andrew T. H. Tan, 2014-05-22 The Global Arms Trade is a timely comprehensive and in depth study of this topic a phenomenon which has continued to flourish despite the end of the Cold War and the preoccupation with global terrorism after 11 September 2001 It provides a clear description and analysis of the demand for and supply of modern weapons systems and assess key issues of concern This book will be especially useful to scholars policy analysts those in the arms industry defence professionals students of international relations and security studies media professionals government officials and those generally interested in the arms trade

The Arms Trade Andreï Vladimirovich Kozyrev, 1985 *Beyond Viktor Bout: Why the United States needs an Arms Trade Treaty* Colby Goodman, 2011 While the high profile trial of Viktor Bout in New York will show some of the threats the world continues to face from unscrupulous private arms brokers it only provides a glimpse into a much larger problem Skilled at operating in the shadows and exploiting weak national arms transfer controls arms brokers have funneled arms to almost every country under a UN arms embargoes in the last 15 years often fueling armed conflict and serious human rights violations The US has worked on at least 70 US prosecutions in the last five years that have charged defendants with crimes related to illegal arms brokering Yet it continues to face difficulties in bringing arms brokers to justice and shutting down criminal networks The lack of effective legal systems addressing the arms trade in many countries enables illicit arms dealers to exploit regulatory gaps and carry out their activities with impunity The US and the world need an effective global Arms Trade Treaty to help close these gaps and stop the irresponsible trade in deadly weapons

Arming the Periphery E. Chew, 2012-06-12 A major historical study of the global arms trade revolving around the transfer of small arms from metropolitan Europe to the turbulent frontiers of Indian Ocean societies during the long nineteenth century c 1780 1914

Law and the Arms Trade Laurence Lustgarten, 2020-09-03 This ground breaking book offers an extensive legal analysis grounded in public EU and international law of arms trade regulation integrated with insights drawn from international relations The sale of weapons and related technologies is globally one of the most politically controversial and ethically contentious forms of commerce Intimately connected with sustaining repressive governments and violations of international human rights and humanitarian law arms exports are also a central element in the economic and strategic policies of the governments of all large industrial states They have also been the source of

abundant corruption and of serious challenges to the norms and effectiveness of constitutional accountability in democratic states On paper the arms trade is heavily regulated national legislation and international treaties are in place which purport to prohibit certain transactions and limit others Yet despite its importance legal and international relations scholarship on the subject has been surprisingly limited This book fills this gap in the literature by examining and comparing the export control regimes of eight leading nations USA Russia the UK France Germany Sweden China and India with chapters contributed by leading experts in the field of law and international relations

The No-nonsense Guide to the Arms Trade
Gideon Burrows,2002 The ending of the Cold War was supposed to increase global security and divert expenditure previously earmarked for arms purchases to more constructive ends Instead the arms trade has flourished Not only conventional arms but also police and surveillance equipment have been provided by Western countries seeking to make a profit from conflict in unstable parts of the world Foreign debt has remained high development has been held back and human rights have been systematically abused all with the connivance of an arms trade prepared to turn a blind eye to the uses to which increasingly sophisticated weaponry is put so long as hefty profits can be reaped This disturbing book names the players in the arms trade and charts the impact that it has had on war human rights and development The financial and trade mechanisms that permit the arms trade to continue are revealed amid sordid tales of bribery and corruption Gideon Burrows concludes his examination by reviewing the ways in which this trade can be controlled or even abolished

The Gun Merchants
Cindy Cannizzo,2013-10-22 The Gun Merchants Politics and Policies of the Major Arms Suppliers focuses on the political and policy considerations in arms transfers taking into consideration the positions of different arms exporting countries on the control of conventional arms trade The book first offers information on the trends in 20th century arms transfers including history of arms transfers sophistication of arms and transfer modes of arms The text also underscores the position and influence of Jimmy Carter and the United States on the restraint of arms trade The manuscript examines Soviet arms policy towards Africa including the context of Soviet policy factors influencing Soviet behavior and the future of Soviet policy in Africa The increase in the volume of arms sold in Africa is highlighted The book also takes a look at domestic and international considerations of British arms sales the policies of the Federal Republic of Germany and France on arms transfers and evaluation of arms transfer control proposals The publication is a dependable reference for readers interested in exploring the international policies and procedures in arms trade

Current Debates in Public Finance & Public Administration
Sevda Mutlu Akar,Günay Gönüllü,2018 This book discusses selected current issues in the field of public finance and public administration These current issues include budget right global public goods financial reporting control of the activities robot tax arms trade tax expenditures and mandatory private pension system public and private partnerships fiscal space ethics governance urban safety and metropolitan municipality For this reason the book is capable of appealing to everyone interested in these fields It will also contribute to researchers who want to improve themselves in public finance and public

administration *Global Arms Trade* ,1991 The International Arms Trade Edward J. Laurance,1992 The events of 1991 in the Persian Gulf which saw Iraq import enough armaments to defy the major powers have brought the questions of arms trading to the head of the international agenda In this text international relations theory is applied to the transfer of military capability for the purpose of fortifying the national security of sovereign states The author examines past patterns of arms transfer and the influences of international factors on policymakers International relations theory is applied to the transfer of military capability for the purpose of fortifying the national security of sovereign states The author examines past patterns of arms transfer and the influences of international factors on policymakers in order to show that the arms trade has gone far beyond the control of individual nation states

Recognizing the mannerism ways to acquire this books **Arms Trade** is additionally useful. You have remained in right site to start getting this info. get the Arms Trade join that we have the funds for here and check out the link.
