Jahrhundert bis ins 20.

Jahrhundert blieb aber bis heute ein Desideratum. Der hier vorgelegte Überblick zeigt wie sich die Identität einer britischen Sinfonik über mehr als hundert Jahre entwickelte geprägt durch Einflüsse vom europäischen Kontinent und von dem Bedürfnis eigene Wege zu finden. Gegen Ende des 19. Jahrhunderts nahm das sinfonische Schaffen in Großbritannien stark zu brachte jedoch erst mit Edward Elgar einen prominenten Vertreter von internationalem Rang hervor. Ein besonderer Schwerpunkt dieser Publikation liegt auf jenen Werken die zu einem gewissen Grade von anderen überschattet wurden unveröffentlicht oder unaufgegriffen blieben. Das Ergebnis ist das Bild einer vielgestaltigen sinfonischen Landschaft Großbritanniens das die ästhetischen Perspektiven der einzelnen Komponisten wie auch ihre soziokulturellen Kontexte erhellt. Ein umfangreiches Verzeichnis aller bekannten Werke und eine ausführliche Bibliographie laden zu weiterer Erkundung des Sujets ein. Only in relatively recent times has any real attention been given to British symphonies. So a comprehensive survey showing what exists and how the situation in the United Kingdom developed from the beginnings in the 18th century until well into the 20th century is long overdue. The preliminary survey presented here shows how a British symphonic identity gradually took shape over more than a century through influences from abroad and at home enterprising attempts to find new ways of expression. By the end of the 19th century British symphonists had produced an impressive body of work yet only with the appearance of Elgar's two symphonies in the following decade did this flourishing school find a champion of international renown. In this publication light is shone on those works that have to some extent been overshadowed as well as on those that have remained unpublished or unperformed. The result is a multi-faceted panorama of British symphonism offering many insights into the composers' thinking and their socio-cultural contexts. A comprehensive catalogue of all known works and an extensive bibliography invite readers to delve further into the subject.

The Best Years of British Film Music, 1936-1958 Jan G. Swynnoe, 2002. A study of the British contribution to film music detailing the idiosyncracies of British film and showing how the differences between it and Hollywood affected composers on both sides of the Atlantic. Jan Swynnoe's study is concerned with the special British contribution to film music detailing how the idiosyncracies of British film and of the British character set it apart from its Hollywood counterpart. She shows how the differences between the two industries in all aspects of film making variously affected composers on both sides of the Atlantic. In the mid 1930s when film composers in America were perfecting the formulae of the classical Hollywood score film music in Britain scarcely existed within a year or so however top British composers were scoring British films. How this transformation was brought about and how established British concert composers including Vaughan Williams and Arnold Bax faced the challenge of the exacting and often bewildering art of scoring for feature film is vividly described here and the resulting scores compared with the work of seasoned Hollywood composers. JAN SWYNNOE researched the material on which her book is based over several years at the same time pursuing her musical life as pianist percussionist and composer.
