design and manufacture of books can tell as much about a people or a culture as the ambience of its streets and the
architecture of its buildings In our everyday lives books surround us even if we are among the many who never read another
one after high school Their very jacket design asks us to make meaning of their presence and when we open them the layout
of words and stories within their covers makes us readers even before we begin to read To Robert Bringhurst typographer
poet and writer the presence of books and the story of books in Canada are preludes to understanding our culture From the
tattered book of Canadian poetry your moody cousin carried everywhere to the pristine hardcover book of Atwood s latest
work in your brainy co worker s hands book design says much about who and where we are as Canadians In *The Surface of*
Meaning Robert Bringhurst takes us on another of his walking tours this time through the bramble of English and French
Canadian books and book design from the mid 18th Century to the present day Along the way he discovers a true image trove
of identity culture and history And he does what no other work on books and publications does He creates a truly national
survey of Canadian books by bringing Canada s long history of Aboriginal story telling into a context of book It is a context

that goes into the depths of our prehistory far beyond the printed page The Surface of Meaning is a tribute to Canadian books and publishing It is irresistible to readers who love books as well as to designers and others who may simply prefer to look at them
