O'Rourke, 2017-02-10 Mexico City became one of the centers of architectural modernism in the Americas in the first half of the twentieth century Invigorated by insights drawn from the first published histories of Mexican colonial architecture which suggested that Mexico possessed a distinctive architecture and culture beginning in the 1920s a new generation of architects created profoundly visual modern buildings intended to convey Mexico's unique cultural character By midcentury these architects and their students had rewritten the country's architectural history and transformed the capital into a metropolis where new buildings that evoked pre-conquest colonial and International Style architecture coexisted Through an exploration of schools a university campus a government ministry a workers park and houses for Diego Rivera and Luis Barragán Kathryn O'Rourke offers a new interpretation of modern architecture in the Mexican capital showing close links between design evolving understandings of national architectural history folk art and social reform This book demonstrates why creating a distinctively Mexican architecture captivated architects whose work was formally dissimilar and how that concern became central to the profession      *The Inevitable Bandstand* Charles V. Heath, 2015-08 In the hands of the state music is a political tool The Banda de Música del Estado de Oaxaca State Band of Oaxaca BME a civil organization nearly as old as the modern state of Oaxaca itself offers unique insights into the history of a modern political state In *The Inevitable Bandstand* Charles V Heath examines the BME's role as a part of popular political culture that the state of Oaxaca has deployed in an attempt to bring unity and order to its domain The BME has always served multiple functions it arose from musical groups that accompanied military forces as they trained and fought today it performs at village patron saint days and at Mexico's patriotic celebrations propagating religions both sacred and civic it offers education in the ways of liberal democracy to its population once largely illiterate and finally it provides respite from the burdens of life by performing at strictly diversionary functions such as serenades and Sunday matinees In each of these government sanctioned roles the BME serves to unify educate and entertain the diverse and fragmented elements within the state of Oaxaca thereby mirroring the historical trajectory of the state of Oaxaca and the nation of Mexico from the pre-Hispanic and

Spanish colonial eras to the nascent Mexican republic from a militarized and fractured young nation to a consolidated postrevolutionary socialist state and from a predominantly Catholic entity to an ostensibly secular one *¿Legitimidad o reconocimiento?
