

Comparative Study

A focus on the portrayal of everyday objects and surrealism

My comparative study focuses on surrealism and the portrayal of everyday objects. I really like artists and art that portray everyday objects such as food and furniture. Because of this, the artists I chose for my comparative study are Wayne Thiboutot, René Magritte and Claes Oldenburg. The reason I chose these three artists is because I not only love their skill and choice in subject matter but also their stylistic choices such as color palette and composition.
