FESTIVAL NON ART - ANTI ART - LA VERITE EST ART, 1969 *Radicals and Realists in the Japanese Nonverbal Arts* Thomas R. H. Havens, 2006-07-31 *Radicals and Realists* is the first book in any language to discuss Japan's avant garde artists their work and the historical environment in which they produced it during the two most creative decades of the twentieth century the 1950s and 1960s Many of the artists were radicals rebelling against existing canons and established authority Yet at the same time they were realists in choosing concrete materials sounds and themes from everyday life for their art and in gradually adopting tactics of protest or resistance through accommodation rather than confrontation Whatever the means of expression the production of art was never devoid of historical context or political implication Focusing on the nonverbal genres of painting sculpture dance choreography and music composition this work shows that generational and political differences not artistic doctrines largely account for the divergent stances artists took vis a vis modernism the international arts community Japan's ties to the United States and the alliance of corporate and bureaucratic interests that solidified in Japan during the 1960s After surveying censorship and arts policy during the American occupation of Japan 1945 1952 the narrative divides into two chronological sections dealing with the 1950s and 1960s bisected by the rise of an artistic underground in Shinjuku and the security treaty crisis of May 1960 The first section treats Japanese artists who studied abroad as well as the vast and varied experiments in each of the nonverbal avant garde arts that took place within Japan during the 1950s after long years of artistic insularity and near stasis throughout war and occupation Chief among the intellectuals who stimulated experimentation were the art critic Takiguchi Shuzo the painter Okamoto Taro and the businessman painter Yoshihara Jiro The second section addresses the multifront assault on formalism confusingly known as anti art led by visual artists nationwide Likewise composers of both Western style and contemporary Japanese style music increasingly chose everyday themes from folk music and the premodern musical repertoire for their new presentations Avant garde print makers sculptors and choreographers similarly moved beyond the modern and modernism in their work A later chapter examines the artistic apex of the postwar period Osaka's 1970 world exposition where more avant garde music painting sculpture and dance were on display than at any other point in Japan's history before or since *Radicals and Realists* is based on extensive archival research numerous concerts performances and exhibits and exclusive interviews with more than fifty leading choreographers composers painters sculptors and critics active during those two innovative decades Its accessible prose and lucid analysis recommend it to a wide readership including those interested in modern Japanese art and culture as well as the history of the postwar years [Really Free Culture](#), *Informal Maxims & Maximum Informality* John O'Loughlin, 2022-03-07 *INFORMAL MAXIMS MAXIMUM INFORMALITY* is another of those mirror image composite projects by John O Loughlin which takes his wholly aphoristic approach to philosophy a stage or two further along the path of Truth than did its predecessor in the genre *Maximum Truth Truthful Maxims* 1993 adding to *Social Transcendentalism* the

concept of Social Theocracy and thus broadening out the messianic ideology of transcendentalism to include what was destined in subsequent books to become the ideological counterpart of Social Democracy and in that sense the political as opposed to religious face of the ideology in question The Maximum Truth Quartet John O'Loughlin,2022-06-01 THE MAXIMUM TRUTH QUARTET combines four books of aphoristic philosophy under one heading beginning with Maximum Truth and progressing via Truthful Maxims and Informal Maxims to Maximum Informality Thus this quartet of books begins with a maximum and ends with one all of which were written in 1993 and thus demonstrate a stylistic and thematic continuity Consciousness, Theatre, Literature and the Arts 2009 Daniel Meyer-Dinkgräfe,2009-12-14 The essays collected in this volume were initially presented at the Third International Conference on Consciousness Theatre Literature and the Arts held at the University of Lincoln May 16 18 2009 The conference was organised on the basis of the success of its predecessors in 2005 and 2007 and on the basis of the success of the Rodopi book series Consciousness Literature and the Arts which has to date seen twenty one volumes in print with another twelve in press or in the process of being written The 2009 conference and the book series highlight the continuing growth of interest within the interdisciplinary field of consciousness studies and in the distinct disciplines of theatre studies literary studies film studies fine arts and music in the relationship between the object of these disciplines and human consciousness Fifty six delegates from twenty one countries across the world attended the May 2009 conference in Lincoln their range of disciplines and approaches is reflected well in this book The Encyclopedia of Contemporary Japanese Culture Sandra Buckley,2009 This encyclopedia covers culture from the end of the Imperialist period in 1945 right up to date to reflect the vibrant nature of contemporary Japanese society and culture **Art and Artists** ,1975 **Margaret Atwood** Harold Bloom,2009 This Canadian novelist and poet is among the most acclaimed writers today Atwood s best known novel *The Handmaid s Tale* depicts one woman s struggle to survive in a futuristic society in which women have become property This new collection of critical essays is enhanced by a chronology bibliography and notes on the contributors as well as an introductory essay by noted literary scholar Harold Bloom **Art and Archaeology** ,1920 Art International ,1976 **Art & Design** ,1994 Modernism and the Crisis in Art Anthony Hincks,1990 Scribners Monthly Josiah Gilbert Holland,Richard Watson Gilder,1877 The Art Bulletin ,1925 Includes section Notes and reviews **Art Index** ,1930 **Art News Annual** ,1952 **Indian Literature, Art and Religion** Probsthain & Co,1913 **Ploughshare and Pruning-hook** Laurence Housman,1919 *American Journal of Science and Arts* ,1916
