Education** ,1895 *The Mystery of the Ultimatum Game* Kayoko Kobayashi,2025-03-03 This ambitious book is the first to
present a theoretical framework for a unified analysis of both behavioral and traditional economics It explores the ultimate
factors from an evolutionary perspective in addressing why humans are predictably irrational and proposes adaptive
rationality a new direction for understanding human behavior Taking anomalies in ultimatum game experiments as a starting
point this book presents findings from hundreds of experiments The interdisciplinary nature of the book which encompasses
the latest research across an astonishingly wide range of fields including game theory psychology neuroscience cognitive
science cultural anthropology biology and ethology provides boundless intellectual excitement While this is an academic book
discussing human rationality it can also be seen as a popular science book that delves deeply into questions such as What
underlies human decision making The book stands out for its unique approach making it an unparalleled reading experience
