before she and her family went into hiding from the Nazis in an Amsterdam attic For two years with ever increasing maturity Anne crafted a memoir that has become one of the most compelling intimate and important documents of modern history She described life in hiding in vivid unforgettable detail explored apparently irreconcilable views of human nature people are good at heart but capable of unimaginable evil and grappled with the unfolding events of World War II until the hidden attic was raided in August 1944 But the diary of Anne Frank argues Francine Prose is as much a work of art as an historical record Through close reading she marvels at the teenaged Frank's skillfully natural narrative voice at her finely tuned dialogue and ability to turn living people into characters And Prose addresses what few of the diary's millions of readers may know this book is a deliberate work of art During her last months in hiding Anne Frank furiously revised and edited her work crafting a piece of literature that she hoped would be read by the public after the war Read it has been Few books have been as influential for so long and Prose thoroughly investigates the diary's unique afterlife the obstacles and criticism Otto Frank faced in publishing his daughter's words the controversy surrounding the diary's Broadway and film adaptations and the 1950's social mores that reduced it to a tale of adolescent angst and love the claims of conspiracy theorists who have cried fraud and the scientific analysis that proved them wrong Finally having assigned the book to her own students Prose considers the rewards and challenges of teaching one of the world's most read and banned books How has the life and death of one girl become emblematic of the lives and deaths of so many and why do her words continue to inspire ANNE FRANK THE BOOK THE LIFE THE AFTERLIFE tells the extraordinary story of the book that became a force in the world and it definitively establishes Anne Frank as the writer she always knew she was [Holocaust Cinema Complete](#) Rich Brownstein,2021-09-17 Holocaust movies have become an important segment of world cinema and the de facto Holocaust education for many One quarter of all American produced Holocaust related feature films have won or been nominated for at least one Oscar In fact from 1945 through 1991 half of all American Holocaust features were nominated Yet most Holocaust movies have fallen through the cracks and few have been commercially successful This book explores these trends and many others with a comprehensive guide to hundreds of films and made for television movies From Anne Frank to Schindler's List to Jojo Rabbit more than 400 films are examined from a range of perspectives historical chronological thematic sociological geographical and individual The filmmakers are contextualized including Charlie Chaplin Sidney Lumet Steven Spielberg Quentin Tarantino and Roman Polanski Recommendations and reviews of the 50 best Holocaust films are included along with an educational guide a detailed listing of all films covered and a four part index glossary [Holocaust Icons](#) Oren Baruch Stier,2015-11-01 The Holocaust has bequeathed to contemporary society a cultural lexicon of intensely powerful symbols a vocabulary of remembrance that we draw on to comprehend the otherwise incomprehensible horror of the Shoah Engagingly written and illustrated with more than forty black and white images Holocaust Icons probes the history and memory of four of these symbolic relics left in the Holocaust's wake Jewish studies scholar Oren Stier offers in this volume new insight into

symbols and the symbol making process as he traces the lives and afterlives of certain remnants of the Holocaust and their ongoing impact Stier focuses in particular on four icons the railway cars that carried Jews to their deaths symbolizing the mechanics of murder the Arbeit Macht Frei work makes you free sign over the entrance to Auschwitz pointing to the insidious logic of the camp system the number six million that represents an approximation of the number of Jews killed as well as mass murder more generally and the persona of Anne Frank associated with victimization Stier shows how and why these icons an object a phrase a number and a person have come to stand in for the Holocaust where they came from and how they have been used and reproduced how they are presently at risk from a variety of threats such as commodification and what the future holds for the memory of the Shoah In illuminating these icons of the Holocaust Stier offers valuable new perspective on one of the defining events of the twentieth century He helps readers understand not only the Holocaust but also the profound nature of historical memory itself Holocaust Memory and Youth Performance Erika Hughes,2024-01-25
