De Angelis Testa,2017 **Adland** Mark Tungate,2007 Adland is a ground breaking examination of modern advertising from its early origins to the evolution of the current advertising landscape Bestselling author and journalist Mark Tungate examines key developments in advertising from copy adverts radio and television to the opportunities afforded by the explosion of digital media podcasting text messaging and interactive campaigns Adland focuses on key players in the industry and features exclusive interviews with leading names in advertising today including Jean Marie Dru Sir Alan Parker John Hegarty and Sir Martin Sorrell as well as industry luminaries from the 20th Century such as Phil Dusenberry and George Lois Exploring the roots of the advertising industry in New York and London and going on to cover the emerging markets of Eastern Europe Asia and Latin America Adland offers a comprehensive examination of a global industry and suggests ways in which it is likely to develop in the future Armando Testa. Before Punt e Mes After Punt e Mes. Ediz. italiana e inglese Gemma De Angelis Testa,2019 *Just Doing It: A History of Advertising* Pia Elliott,2014-10-09 The purpose of the book is to provide an overall view of advertising in the twentieth century while filling in the gap of information that exists in Italy where just a few names are known The book also provides a leading thread about those professionals who in the second half of the 20th century were the protagonists of the creative revolution and whose influence has been seminal on both American and English advertising The book has no historical intentions nor aims at classifying people into schools or categories as such an approach would be pretentious and inadequate in a profession so deeply entangled with economics and consumer attitudes The content in brief The book is made up of short biographies of famous and well known advertising people mainly art directors and copywriters interspersed with a few explanatory chapters that are simply summaries on certain subjects For instance The Big Agencies outlines the origins of historical agencies such as J W Thompson BBDO and Young Rubicam The State of Things explains what happened after the so called Creative Revolution The Spot Makers presents people like Howard Zieff Joe Pytka Rick Levine and Bob Giraldi Old School Ties and Colonels is about British advertising before Collett Dickinson and Pearce La Grande Parade depicts the peculiarities of French advertising and Carosello and its Victims explains the unusual features of the Italian Carosello an early TV format that hosted commercials etc Biographies are structured differently along the lines of individual stories and generally tend to highlight the meaningful events in one s career rather than their early life and experiences This way of telling a story is of course somewhat influenced by the author s experiences and point of view and represents the original aspect of the book Among the influentials Americans and Britons outnumber French and Italians A final section with Contributions by various authors and famous copywriters Gossage Della Femina Abbott S gu la Marcantonio Pirella etc completes the book Profilo Italia ,1990 *Official Gazette of the United States Patent and Trademark Office* ,1990
