Where Have You Been? Michael Hofmann,2014-12-02 A collection of essays on poetry and translation from literary critic Michael Hofmann *The Quiet Revolutionary* Margaret Dewar,1989 Marxism Today ,1986 **Scientist of the Strange** Paul Bently,2002-06 The present study uncovers the psychical stakes and dramas involved in Redgrove s practice and in turn relates these stakes and dramas to the marked element of cultural critique to be found in Redgrove s nonfiction but which is virtually absent from the poems BOOK JACKET **Charles Olson and Frances Boldereff** Charles Olson,Frances Boldereff,1999-08-20 A remarkable series of letters between Black Mountain poet Charles Olson and his most ardent reader **New Socialist** ,1986 Whitaker's Cumulative Book List ,1983 Backgazing: Reverse Time in Modernist Culture Paul Giles,2019-02-14 This volume trace ways in which time is represented in reverse forms throughout modernist culture from the beginning of the twentieth century until the decade after World War II Though modernism is often associated with revolutionary or futurist directions this book argues instead that a retrograde dimension is embedded within it By juxtaposing the literature of Europe and North America with that of Australia and New Zealand it suggests how this antipodean context serves to defamiliarize and reconceptualize normative modernist understandings of temporal progression Backgazing thus moves beyond the treatment of a specific geographical periphery as another margin on the expanding field of New Modernist Studies Instead it offers a systematic investigation of the transformative effect of retrograde dimensions on our understanding of canonical modernist texts The title backgazing is taken from Australian poet Robert G FitzGerald s 1938 poem *Essay on Memory* and it epitomizes how the cultural history of modernism can be restructured according to a radically different discursive map Backgazing intellectually reconfigures US and European

modernism within a planetary orbit in which the literature of Australia and the Southern Hemisphere far from being merely an annexed margin can be seen substantively to change the directional compass of modernism more generally By reading canonical modernists such as James Joyce and T S Eliot alongside marginalized writers such as Nancy Cunard and others and relatively neglected authors from Australia and New Zealand this book offers a revisionist cultural history of modernist time one framed by a recognition of how its measurement is modulated across geographical space *British Books in Print* ,1985
