

An illustration of a man and a woman in conversation. The man, on the left, is wearing a blue hoodie and is gesturing with his right hand. The woman, on the right, is wearing a maroon jacket and has a black backpack. They are standing in front of a vibrant, abstract background of wavy, organic shapes in shades of orange, yellow, red, purple, and blue. The overall style is modern and artistic.

Ewing,2020-12-14 This textbook highlights the unique role that quality Arts processes and experiences can and should play across the curriculum to ensure that all learners' creativities and imaginations flourish. It provides much needed strategies, units of work and practical resources in six arts disciplines: visual arts, literature, drama, music, dance, and media arts. It is a must read for those keen to develop research informed, integrated arts rich learning and teaching strategies while also exploring each discipline. Alongside the four Cs (critical thinking, communication, collaboration, and creativity) the authors propose four additional Cs: curiosity, compassion, connection, and courage, as much needed 21st century capabilities. The book speaks to the current debates on STEAM vs STEM education and provides an important framework for preservice and experienced classroom teachers including arts specialists.

**When Modern Became Contemporary Art** Charles Green, Heather Barker, 2024-09-19 This book is a portrait of the period when modern art became contemporary art. It explores how and why writers and artists in Australia argued over the idea of a distinctively Australian modern and then postmodern art from 1962 (the date of publication of a foundational book *Australian Painting 1788-1960*) up to 1988 (the year of the Australian Bicentennial). Across nine chapters about art exhibitions, curators, and critics, this book describes the shift from modern art to contemporary art through the successive attempts to define a place in the world for Australian art. But by 1988 Australian art looked less and less like a viable tradition, inside which to interpret our art. Instead, vast gaps appeared, since mostly male and often older White writers had limited their horizons to White Australia alone. National stories by White men like borders had less and less explanatory value. Underneath this, a perplexing subject remained: the absence of Aboriginal art in understanding what Australian art was during the period that established the idea of a distinctive Australian modern and then contemporary art. This book reflects on why the embrace of Aboriginal art was so late in art museums and histories of Australian art, arguing that this was because it was not part of a national story dominated by colonial then neo-colonial dependency. It is important reading for all scholars of both global and Australian art and for curators and artists.

Dialogue Robert McKee, 2016-07-12 The long awaited follow up to the perennially bestselling *Writers Guide*. Story from the most sought after expert in the art of storytelling, Robert McKee's popular writing workshops have earned him an international reputation. The list of alumni with Oscars runs off the page. The cornerstone of his program is his singular book *Story*, which has defined how we talk about the art of story creation. Now in *Dialogue*, McKee offers the same in depth analysis for how characters speak on the screen, on the stage, and on the page in believable and engaging ways. From *Macbeth* to *Breaking Bad*, McKee deconstructs key scenes to illustrate the strategies and techniques of dialogue. *Dialogue* applies a framework of incisive thinking to instruct the prospective writer on how to craft artful, impactful speech. Famous McKee alumni include Peter Jackson, Jane Campion, Geoffrey Rush, Paul Haggis, the writing team for Pixar, and many others.     **T.P.'s**
