Women of the Right Spirit Krista Cowman,2007-07-15 This book is the first investigation on how official organizers built and sustained the

national militant campaign of the Women's Social and Political Union between 1903 and 1918. While the overall policy of the Union was devised by an ever decreasing circle of women centered around the mother-daughter team of Emmeline and Christabel Pankhurst, much of its actual activity, including its more extreme militant actions such as arson, was devised and implemented by these organizers who worked in the provinces and in London.
