Emonds,1999 **Collected Essays, Volume 1: 1983** Michael Bettencourt,2015-10-03 This is a miscellany of pieces most of which were written during the summer of 1983 when I was teaching summer school at Phillips Exeter Academy I gave myself the mythical job of writing a daily column of 750 to 1000 words on whatever happened to cross my mind in the two hours before I had to teach my first class *A Knowledgeable Approach to Truth* John O'Loughlin,2015-08-28 *A Knowledgeable Approach to Truth* is Volume I of a projected two volume collected essays and as suggested by the title it puts some store by the utilization of knowledge in the pursuit of truth however one might wish to interpret such a loaded term This particular volume contains essayistic material right from the beginning of John O Loughlin s commitment to philosophy in 1977 viz the first four essays the first of which has been lifted from *Between Truth and Illusion* and the other three from *The Illusory Truth* both of which were heavily into dualism Then comes a substantial number of essays from a 1979 collection entitled *The Fall of Love* some of which owe more to Spenglerian historicism than to dualistic relativity and after one essay culled from *The Transcendental Future* 1980 namely *The Ultimate Purpose* which though indubitably essayistic served as an introduction to the title in question we conclude with all the material including an aphoristic appendix that is to be found in *The Way of Evolution* 1981 most of which like the aforementioned essay and indeed the title of which it was originally a part is beyond both dualism and Spenglerian historicism in what for the author amounted to an intellectual rebirth in which life became interpreted in relation to a transcendent goal as the product of an evolutionary resolve that owed something though not everything to the estimable likes of Friedrich Nietzsche and Teilhard de Chardin Such in brief is the scope of this first volume which paves the way for the second and more advanced volume to follow in which not knowledge but truth conceived in unequivocally transcendental terms is the main motive and operative factor
