A Trojan Ending Laura (Riding) Jackson, 1937 *A Trojan Ending* Laura Riding (Schriftstellerin, USA), 1937 **A Trojan Ending** Laura Riding, 1937 **In Extremis** Deborah Baker, 2000-11 In Extremis is the first major biography of a major 20th century modernist **Gendering Classicism** Ruth Hoberman, 1997-01-01 Gendering Classicism explores the intersection of feminism historical fiction and modernism through the work of six writers all of whom wrote historical novels set in ancient Greece or Rome Naomi Mitchison Mary Butts Laura Riding Phyllis Bentley Bryher and Mary Renault As women gained access to higher education in the late nineteenth century they gained access also to the classical learning that had for so long demarcated and legitimated the British ruling classes Steeped in misogyny the classical tradition presented educated women with a massive project the recasting of that tradition in terms that acknowledged the existence of women as historical agents and interpreters of the historical past **Micromodernism** Tim Armstrong, 2025 What is wrong with literary modernism as a paradigm One answer is that it is over written a kind of winner s history with a relatively narrow canon of innovative works even including recent additions Another is that it is a retrospective construction rather than a term much used in its period This book seeks to return to the scene of literary renewal and to examine representative small groupings struggling in the wake of the High Modernism of the 1920s to articulate their own avant garde ambitions in terms of politics personal values aesthetic categories or continued allegiances to writers like Lawrence In looking at microhistories at literary beginnings and even at failure we are forced to reexamine our mapping of modernism **The Classics in Modernist Translation** Lynn Kozak, Miranda Hickman, 2019-02-07 This volume sheds new light on a wealth of early 20th century engagement with literature of Graeco Roman antiquity that significantly shaped the work of anglophone literary modernism The essays spotlight translation a concept the modernists themselves used to reckon with the Classics and to denote a range of different kinds of reception from more literal to more liberal translation work as well as forms of what contemporary reception studies would term adaptation refiguration and intervention As the volume s essays reveal modernist translations of Classical texts crucially informed the innovations of many modernists and often themselves constituted modernist literary projects Thus the volume responds to gaps in both Classical reception and Modernist studies essays treat a comparatively understudied area in Classical reception by reviving work in a subfield of Modernist studies relatively inactive in recent decades but enjoying renewed attention through the recent work of contributors to this volume The volume s essays address work significantly informed by Classical materials including Homer Sophocles Euripides Sappho Ovid and Propertius and approach a range of modernist writers Pound and H D among the modernists best known for work engaging the Classics as well as Cummings Eliot Joyce Laura Riding and Yeats *Brill's Companion to the Reception of Classics in International Modernism and the Avant-Garde*, 2016-12-08 Brill s Companion to the Reception of Classics in International Modernism and the Avant Garde examines how the writers and artists who lived from roughly the last quarter of the nineteenth century to

the middle of the twentieth sought to build a new world from the ashes of one marked by two world wars global economic depression the rise of nationalism and the collapse of empires By surveying the modernist appropriation of Ancient Greece and Rome the fourteen chapters in this volume demonstrate how the Classics as foundational texts of the old order were nevertheless adapted to suit the stylistic innovation and formal experimentation that characterized modernist and avant garde literature and art
