labour market has led to the effect that job turnover is a widespread phenomenon there is a lack of research addressing this issue and the resulting implications for foreign MNCs The present study s focus on employee turnover also takes into account the growing importance of local staff for MNCs Indeed by acknowledging the critical role that local nationals play at the host country level it will be increasingly imperative for international organizations to establish effective retention strategies Despite this obvious significance the field of managing employee turnover also remains considerably underdeveloped Building on the results of the conducted multiple case study the purpose of *Summer Jobs in the USA* ,2004 *Whitaker's Book List* ,1987 **Tests in Print** Oscar Krisen Buros,2006 **The Supplement to the ...
