D Edzard:

D. Edzard Dietz Edzard, 1948 , **Nineteenth- and Twentieth-century Paintings** Richard R. Brettell, Paul Hayes Tucker, Natalie Henderson Lee, Metropolitan Museum of Art (New York, N.Y.), 2009 Robert Lehman 1891-1969 one of the foremost art collectors of his generation embraced the work of both traditional and modern masters This volume catalogues 130 nineteenth and twentieth century paintings that are now part of the Robert Lehman Collection at The Metropolitan Museum of Art The majority of the works are by artists based in France but there are also examples from the United States Latin America and India reflecting Lehman's global interests The catalogue opens with outstanding paintings by Ingres Theodore Rousseau and Corot among other early nineteenth century artists They are joined by an exemplary selection of Impressionist and Post Impressionist works by Degas Renoir Sisley Pissarro Seurat Signac Van Gogh C. Zanne and Gauguin Twentieth century masters represented here include Bonnard Matisse Rouault Dal and Balthus There are also newly researched modern works by Vicente do Rego Monteiro Kees van Dongen Dietz Edzard and D. G. Kulkarni Dietz Edzard's cultivated taste for nineteenth century French academic practitioners and his intuitive eye for emerging young artists of his own time are documented and discussed Three hundred comparative illustrations supplement the catalogue entries as do extensively researched provenance information exhibition histories and references The volume also includes a bibliography and indexes

A Companion to the Ancient Near East Daniel C. Snell, 2008-04-15 A Companion to the Ancient Near East offers students and general readers a comprehensive overview of Near Eastern civilization from the Bronze Age to the conquests of Alexander the Great Covers the civilizations of the Sumerians Hittites Babylonians Assyrians Israelites and Persians Places particular emphasis on social and cultural history Covers the legacy of the Ancient Near East in the medieval and modern worlds Provides a useful bibliographical guide to this field of study

The Reign of Nebuchadnezzar I in History and Historical Memory John P. Nielsen, 2018-04-17 Nebuchadnezzar I r. 1125-1104 was one of the more significant and successful kings to rule Babylonia in the intervening period between the demise of the Kassite Dynasty in the 12th century at the end of the Late Bronze Age and the emergence of a new independent Babylonian monarchy in the last quarter of the 7th century His dynamic reign saw Nebuchadnezzar active on both domestic and foreign fronts He tended to the needs of the traditional cult sanctuaries and their associated priesthoods in the major cities throughout Babylonia and embarked on military campaigns against both Assyria in the north and Elam to the east Yet later Babylonian tradition celebrated him for one achievement that was little noted in his own royal inscriptions the return of the statue of Marduk Babylon's patron deity from captivity in Elam The Reign of Nebuchadnezzar reconstructs the history of Nebuchadnezzar I's rule and drawing upon theoretical treatments of historical and collective memory examines how stories of his reign were intentionally utilized by later generations of Babylonian scholars and priests to create an historical memory that projected their collective identity and reflected Marduk's rise to the place of primacy within the Babylonian pantheon in the 1st millennium BCE It also

explores how this historical memory was employed by the urban elite in discourses of power Nebuchadnezzar I remained a viable symbol though with diminishing effect until at least the 3rd century BCE by which time his memory had almost entirely faded This study is a valuable resource to students of the Ancient Near East and Nebuchadnezzar but is also a fascinating exploration of memory creation and exploitation in the ancient world **An Ox of One's Own** T. Shulgi simti is an important example of a woman involved in sponsoring religious activities though having a family life An Ox of One's Own will be of interest to Assyriologists particularly those interested in Early Mesopotamia and scholars working on women in religion An Ox of One's Own centers on the archive of a woman who died about 2050 B C one of King Shulgi's many wives Her birth name is unknown but when she married she became Shulgi simti Suitable for Shulgi Attested for only about 15 years she existed among a court filled with other wives who probably outranked her A religious foundation was run on her behalf whereby courtiers male and female donated livestock for sacrifices to an unusual mix of goddesses and gods Previous scholarship has declared this a rare example of a queen conducting women's religion perhaps unusual because they say she came from abroad The conclusions of this book are quite different An Ox of One's Own lays out the evidence that another woman was queen at this time in Nippur while Shulgi simti lived in Ur and was a third ranking concubine at best with few economic resources Shulgi simti's religious exercises concentrated on a quartet of north Babylonian goddesses

Leonard's Annual Price Index of Art Auctions ,1993 **Academics, Pompiers, Official Artists and the Arrière-garde** Natalie Adamson,Toby Norris,2009 Academics Pompiers Official Artists and the Arrière-garde Defining Modern and Traditional in France 1900 1960 is a collection of eight essays and a scholarly introduction by established and emerging scholars that challenges the continuing modernist slant of twentieth century art history The intention is not to perpetuate the vulgar opposition between avant garde and reactionary art that characterized early twentieth century discourse and has marked much subsequent historical writing but rather to investigate the complex relationship that both innovative and conservative artists had to the concept of tradition How did artists and art critics conceive of tradition in relation to modernity What was the role of an artist TM's institutional positioning in determining expectations for his or her art What light is thrown on the structure of the French art world by considering artists from abroad who worked in Paris How did the war alter modernist and avant garde paradigms and force crucial changes upon art production in the postwar period to 1960 Particular attention is paid to the terms academic pompier official and arrière-garde originally used to situate the more conservative artists and works as second rate or as the negative foil to the assumed radicalism of the avant garde By re-evaluating the work of artists pushed to the historical margins by such polemical descriptors and by proposing alternative understandings of the aesthetic economic institutional and political factors that drive our ideas of avant gardism and the modernist narrative in France this collection of essays offers new routes to explore the terrain of twentieth century art in France **The New Republic** Herbert David Croly,1908 **Surgery, Gynecology & Obstetrics** ,1913 **Venice**
