The Breaking of the Storm: Historical Novel Friedrich Spielhagen, 2020-12-17 The Breaking of the Storm is one of the best known works by the German novelist Friedrich Spielhagen In this novel the author links the storm tide at the Baltic Sea in the autumn of 1872 with the great crisis of the financial industry widely known as The Panic of 1873 that triggered an economic depression in Europe and North America during the 1870s Since there was no causal connection between financial actions and the weather events Spielhagen succeeded with this construction to build on certain collective fantasies of the readers The metaphor of the flood was certainly present even in economic circles

Runaway Ralph Beverly Cleary, 2009-10-06 Newbery Medal winning author Beverly Cleary ramps up the humor and adventure in the second book in the Ralph S Mouse trilogy With a motorcycle to rev and the open road to see Ralph S Mouse is itching to run away from his overprotective family But once he escapes to a summer campground nearby the horrors of the wild make him doubt his plan Angry cats scary watchdogs and grouchy gophers are only the half of it But then he befriends Garf a sad and friendless boy at the camp Though he wants desperately to be back home with his relatives Ralph realizes that he may need to help Garf before he can help himself *Runaway Ralph* is perfect for independent reading or for shared reading at home or in a classroom This fun story is the second of a trilogy along with *The Mouse and the Motorcycle* and *Ralph S Mouse* all inspired by the author s hope to create appealing books for boys and girls and by the sight of her son playing with toy cars
