Beginnings William Jude Kelly,1992 *Beginnings* William J. Kelly,1991 *Beginnings of Rhetoric and Composition* Adams Sherman Hill,1902 *Beginnings of Rhetoric and Composition, Including Practical Exercises in English* Adams Sherman Hill,2015-06-25 Excerpt from *Beginnings of Rhetoric and Composition Including Practical Exercises in English* While I have been at work on this book I have had constantly in mind the needs of pupils in secondary schools who are learning to express themselves with the pen Toward supplying these needs little can in my judgment be contributed by treatises on the theory or the science of rhetoric by cut and dried methods of instruction or by diagrams skeleton essays or other mechanical devices A young writer will not do so well when he is helped along a smooth and well travelled highway of commonplace as when he is encouraged to strike out a path for himself The best teacher of English composition is he who stimulates his pupils to put their natural selves into all that they write With this object in view he will provide for them or will tell them how to provide for themselves subjects which are closely connected with their work or their play and in which they take a living interest he will give them freedom in the treatment of their material and he will help them to remove obstacles small or great that lie between what they think and what they write In the removal of obstacles between thought and expression this book will I hope be of service for it aims to show a young writer how to present what he has to say in the best English within his reach and in a form adapted to his purpose About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Beginnings of Rhetoric and Composition, Including Practical Exercises in English* Adams Sherman HILL,1903 **Beginnings of Rhetoric and Composition** Adams Sherman Hill,2013-09 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book *The History and Theory of Rhetoric* James A. Herrick,2005 A textbook surveying the history of rhetoric and presenting a conceptual framework for evaluating and practicing persuasive writing and speaking The earlier editions appeared in 1997 and 2001 Annotation 2004 Book News Inc Portland OR booknews.com **Rhetorical Adaptation in the Greek Historians, Josephus, and Acts vol.I** John M. Duncan,2022-10-24 Greco Roman rhetorical theorists insist that

speakers must adapt their speeches to their audiences in order to maximize persuasiveness and minimize alienation Ancient historians adorn their narratives with accounts of attempts at such rhetorical adaptation the outcomes of which decisively impact the subsequent course of events These depictions of speaker audience interactions moreover convey crucial didactic persuasive insights to the historians own audiences This monograph presents a detailed comparative analysis of the intra and extra textual functions of speeches and audience responses in Greek historiography Josephus and Acts with special emphasis on Luke s distinctive depiction of the apostles as adaptable yet frequently alienating orators This is volume I of a set of two volumes

Laboratory Manual of English Composition Stanley Reginald Oldham,1920

A New History of Classical Rhetoric George A. Kennedy,2009-07-01 George Kennedy s three volumes on classical rhetoric have long been regarded as authoritative treatments of the subject This new volume an extensive revision and abridgment of *The Art of Persuasion in Greece* *The Art of Rhetoric in the Roman World* and *Greek Rhetoric under Christian Emperors* provides a comprehensive history of classical rhetoric one that is sure to become a standard for its time Kennedy begins by identifying the rhetorical features of early Greek literature that anticipated the formulation of metarhetoric or a theory of rhetoric in the fifth and fourth centuries b c e and then traces the development of that theory through the Greco Roman period He gives an account of the teaching of literary and oral composition in schools and of Greek and Latin oratory as the primary rhetorical genre He also discusses the overlapping disciplines of ancient philosophy and religion and their interaction with rhetoric The result is a broad and engaging history of classical rhetoric that will prove especially useful for students and for others who want an overview of classical rhetoric in condensed form

Rhetoric at the Margins David Gold,2008-03-06 *Rhetoric at the Margins* *Revising the History of Writing Instruction in American Colleges 1873 1947* examines the rhetorical education of African American female and working class college students in the late nineteenth and early twentieth centuries The rich case studies in this work encourage a reconceptualization of both the history of rhetoric and composition and the ways we make use of it Author David Gold uses archival materials to study three types of institutions historically underrepresented in disciplinary histories a black liberal arts college in rural East Texas Wiley College a public women s college Texas Woman s University and an independent teacher training school East Texas Normal College The case studies complement and challenge previous disciplinary histories and suggest that the epistemological schema that have long applied to pedagogical practices may actually limit our understanding of those practices Gold argues that each of these schools championed intellectual and pedagogical traditions that differed from the Eastern liberal arts model a model that often serves as the standard bearer for rhetorical education He demonstrates that by emphasizing community uplift and civic participation and attending to local needs these schools created contexts in which otherwise moribund curricular features of the era such as strict classroom discipline and an emphasis on prescription took on new possibilities *Rhetoric at the Margins* describes the recent revisionist turn in rhetoric and composition historiography argues for the importance of diverse institutional

microhistories and argues that the nineteenth and early twentieth centuries offer rich lessons for contemporary classroom practice The study brings alive the voices of black female rural Southern and first generation college students and their instructors effectively linking these histories to the history of rhetoric and writing Appendices include excerpts of important and rarely seen primary source material allowing readers to experience in fuller detail the voices captured in this work
