The Centrality of Crime Fiction in American Literary Culture Alfred Bendixen, Olivia Carr Edenfield, 2017-06-26 This collection of essays by leading scholars insists on a larger recognition of the importance and diversity of crime fiction in U S literary traditions Instead of presenting the genre as the property of Dashiell Hammett and Raymond Chandler this book maps a larger territory which includes the domains of Mark Twain F Scott Fitzgerald William Faulkner Richard Wright Flannery O Connor Cormac McCarthy and other masters of fiction The essays in this collection pay detailed attention to both the genuine artistry and the cultural significance of crime fiction in the United States It emphasizes American crime fiction s inquiry into the nature of democratic society and its exploration of injustices based on race class and or gender that are specifically located in the details of American experience Each of these essays exists on its own terms as a significant contribution to scholarship but when brought together the collection becomes larger than the sum of its pieces in detailing the centrality of crime fiction to American literature This is a crucial book for all students of American fiction as well as for those interested in the literary treatment of crime and detection and also has broad appeal for classes in American popular culture and American modernism

Mitchell,2021 The argument of *Noir Fiction and Film* is curiously counterintuitive that in a century of hard boiled fiction and detective films characteristics that at first seemed trivial swelled in importance flourishing into crucial aspects of the genre Among these are aimless descriptions of people and places irrelevant to plot along with detectives consisting of little more than sparkling dialogue and flippant attitudes What weaves together such features however seems to be a paradox that a genre rooted in solving a mystery structured around the gathering of clues must do so by misdirecting our attention even withholding information we think we need to generate the suspense we also desire Yet successful noir stories and films enhance that suspense through passing diversions descriptive details and eccentric perspectives rather than depending on the center pieces of plot alone suspected motives or incriminating traces As the greatest practitioners of the genre have realized the how of detective fiction its stylistic detours draws us in more insistently than the what or the who its linear advance And the achievement of recent film noir is to make that how become the tantalizing object of our entire attention shorn of any pretense of reading for the plot immersing us in the diversionary delight that has animated the genre from the beginning
