Help! I Want My Church to Grow David Ripley, 2008-02 Myth or fact If we build a nice enough church people will come to worship We don't need to plan for worship It will happen naturally The major ministry of the church is inside the church building It's OK if children's Sabbath school classrooms are overcrowded If we can get a top name evangelist to speak at our church we'd see great things happen Myths All myths If you believe any of these statements are true you aren't the only one Many people have held to these and other common myths that stunt church growth In **Help I Want My Church to Grow** Pastor David Ripley exposes the 31 most widespread misconceptions that keep churches from growing into vibrant communities Drawing from more than 20 years of pastoral experience Ripley identifies pitfalls and offers principles that will attract people to your church Each section of the book includes discussion questions making it invaluable for small group studies or leadership meetings A must read for church members and leaders this book will introduce you to myth busting ideas that will expand God's kingdom right in your very own church [The Everychurch Guide to Growth](#) Elmer L. Wolfgang Simson author of *Houses that Change the World* **Luther League Review** ,1906 *The Baptist Home Mission Monthly* ,1903 *How to Hit the Ground Running* Neal O. Michell,2005-04 A practical and comprehensive guide and workbook for new church leadership to set up a sustainable foundation for pastors vestry and in administrative roles The quick start program described in this book is designed for the new rector or pastor who wants to hit the ground running It is also designed for principal lay leaders who will be instrumental in the transition to new leadership The program takes the new pastor vestry or other leadership bodies from one month prior to the new leader s arrival through the first 18 months afterward Organized in a user friendly workbook format this guide gives step by step suggestions on how the sometimes stalled and directionless period of transition in a faith community can be made dynamic and purposeful a time of true congregational development **Built on the Sand** Brian Black,2021-02-18 This book provides a new and thoroughly researched analysis to the problem of church growth Both sociological research and biblical evidence show that denominations which uncompromisingly stand for their beliefs grow Long term growth accordingly demands strictness and emphasizes theological differences Evidence of evangelical decline is charted over the last several decades While much of the book will focus upon the Holiness Movement to exemplify the difficulties faced by modern conservatives the scope is broadened to include all evangelical groups Similar factors which caused mainline churches to begin shrinking in the 1960s are causing the decline of evangelical churches today history is simply repeating itself The concepts in this book give insight to the problem by placing church growth in a proper sociological and scriptural framework Along with scientific growth concepts much of the book applies biblical principles from the New Testament and relates how the mega church philosophy has not only undermined the foundation of many Christian values it has also begun causing growth to collapse The church in America is dying and unless biblical foundations are restored the American church will soon crumble into nothing more than a footnote of history *The Living Church* ,1894 **Herald of Gospel Liberty** Elias Smith,1903 **English Mechanic and Mirror of Science and Art** ,1913 **Missionary Review of the World** ,1917 **The Gospel in All Lands** ,1889 **Living Church** ,1921 **Christian Register and Boston Observer...** ,1908 **The Christian Register, Unitarian** ,1956 **Wisconsin Congregational Church Life** ,1919 **Friends' Review** Samuel Rhoads, Enoch Lewis,1883
