Chasing Miracles:

Chasing Miracles Tommie Weber,2002-06 Even in Springfield where we experienced miracles on a daily basis we harbored and hid our prejudices Change takes place over time usually as old people die off I realize change doesn't seem to happen fast enough It is a matter of perception Life is a matter of perception We perceive happiness and misery We choose which path we take

Encounters with Orthodoxy John P. Burgess,2013-08-19 When author and theologian John P Burgess first travelled to Russia he was hoping to expand his theological horizons and explore the rebirth of the Orthodox Church since the fall of Communism But what he found changed some fundamental assumptions about his own tradition of North American Protestantism In this book Burgess asks how an encounter with Orthodoxy can help Protestants better see both strengths and weaknesses of their own tradition In a time in which North American Protestantism is in decline membership has now fallen to below 50% of the population Russian Orthodoxy can help Protestants rethink the ways in which they worship teach and spread the gospel Burgess considers Orthodox rituals icons saints and miracles monastic life and Eucharistic theology and practice He then explores whether and how Protestants can use elements of Orthodoxy to reform church life

How to Know for Sure Dave E. Richardson,2023-03-09 No one likes to think about dying but it's a reality of life that all of us have to deal with sooner or later It seems logical that if Christianity is true and Jesus is real then he would have wanted us to know for sure where we are going after death This book takes the words attributed to Jesus in the Bible and provides a logical explanation for creation giving the reader a way to know for sure if they are bound for heaven or bound for hell The thirteen chapters are thirteen sermons that start at the beginning of every spiritual journey Why am I here and take the reader on a logical journey that ends with a way for the reader to know what their true spiritual condition is The purpose of the book is to explain the gospel in logical language and then offer Jesus words as proof of the authenticity or falsehood of the reader's conversion experience by the presence or absence of four basic character traits about which Jesus taught frequently If you read the book by the last page you will know for sure
