America's Stonehenge Joanne Dondero Lambert,1996 **America's Stonehenge Deciphered** Mary E. Gage,2006 For the ancient Native Peoples the place known to us as America s Stonehenge Mystery Hill was a sacred place For 2500 years they came annually to hold ceremonies with the spirits At first they came on the summer solstice and then later they came for the winter solstice and spring equinox They built ritual structures like stone chambers cairns drains basins enclosures and standing stones as part of their ceremonial areas As the ceremonies were altered and added to new ceremonial structures were built to accommodate them These structures were constructed for specific purposes contained symbolism meaningful to their culture and had distinct architectural styles The result is an amazing archaeological record of the 2500 year cultural history of this sacred place Americai s Stonehenge Deciphered explores the purpose of these structures the ceremonies held at them and the meaning behind the symbolism built into them It traces how these cultural beliefs were passed from generation to generation and how they were added to and altered to meet the changing needs of their culture What emerges from this is a profound respect for the intelligence sophistication and the depth of their spiritual worldview culture and their expertise with building stone structures Discovering the Mysteries of Ancient America Frank Joseph,Zecharia Sitchin,2006-01-01 In Discovering the Mysteries of Ancient America the author of The Atlantis Encyclopedia turns his sextant towards this hemisphere Here is a collection of the most controversial articles selected from seventy issues of the infamous Ancient American magazine They range from the discovery of Roman relics in Arizona and California s Chinese treasure to Viking rune stones in Minnesota and Oklahoma and the mysterious religions of ancient Americans *Legends and Lore of Ancient America* Frank Joseph,1900-01-01 If you want to spark young people s interest in history teach them about the undocumented legends they won t find in their traditional history books This title offers readers a juicy retelling of what some people speculate is an alternate history of the Americas From Vikings maps of America hundreds of years before Columbus to the discovery of a lost Christian colony in prehistoric Michigan this book dares to uncover some of history s most controversial legends Ancient Stone Sites of New England and the Debate Over Early European Exploration, 2d ed.
