## **Bare Souls:**

The Origin of the Soul Joshua Farris, Joanna Leidenhag, 2024-02-01 The Origin of the Soul is a contemporary retrieval of an important theological discussion throughout history The origin of the soul is thought by many to be an outdated discussion that is theologically antiquated And yet in recent years there has been a renewed and growing interest not only in the soul immaterial substances and theistic explanations for the origins of consciousness but a more vibrant interest in the origins of the soul and the implications it has for numerous theological topics This is due in part to the growing recognition in theistic circles that we are not material beings at least not solely but rather we are ensouled beings and it is this part aspect or feature of us that needs some explaining beyond biological evolution The conversation that takes place in this volume will be of interest to scholars and students of both theology and philosophy

**The Voice of Misery** Gert-Jan van der Heiden, 2020-01-01 A systematic study of testimony rooted in contemporary continental philosophy and drawing on literary case studies From analytic epistemology to gender theory testimony is a major topic in philosophy today Yet one distinctive approach to testimony has not been fully appreciated the recent history of contemporary continental philosophy offers a rich source for another approach to testimony In this book Gert Jan van der Heiden argues that a continental philosophy of testimony can be developed that is guided by those forms of bearing witness that attest to limit experiences of human existence in which the human is rendered mute speechless or robbed of a common understanding In the first part Van der Heiden explores this sense of testimony in a reading of several literary texts ranging from Plato's literary inventions to those of Kierkegaard Melville Soucy and Mortier In the second part based on the orientation offered by the literary experiments Van der Heiden offers a more systematic account of testimony in which he distinguishes and analyzes four basic elements of testimony In the third part he shows what this analysis implies for the question of the truth and the truthfulness of testimony In his discussion with philosophers such as Heidegger Derrida Lyotard Agamben Foucault Ricoeur and Badiou Van der Heiden also provides an overview of how the problem of testimony emerges in a number of thinkers pivotal to twentieth and twenty first century thought The Voice of Misery is a special book Van der Heiden has presented an argument that is poised to challenge discourse in analytic philosophy reshape approaches in continental philosophy and give new orientation to interdisciplinary research in continental philosophy and literary theory The book will find a large readership across the discipline of philosophy and in several areas of the humanities Theodore George author of Tragedies of Spirit Tracing Finitude in Hegel's Phenomenology

Bare Souls Gamaliel Bradford, 1924 **12 Planets of the Intergalactic Map: Books 1-3** Derek Mailhiot, 101 BOOK 1 What happens when 12 civilizations from different planets meet for the very first time Will their common origin unite them into a mighty Intergalactic Empire Or will they destroy each other The people of the planet Schyllus in the Canis Major Dwarf Galaxy possess the Intergalactic Map which plots 12 planets in the Local Group of galaxies colonized by the First Ones Schyllus is one of the planets Earth is another There are 10 more Scientists on

Schyllus discover that the Maker has created a device in deep space the Gryben Anomaly that allows them to instantaneously travel between the 12 Planets The first planet they travel to is Earth All they know is that Earth was colonized by the First Ones thousands of years ago just like Schyllus was but otherwise they know nothing about it What happens when 196 418 Travelers from Schyllus arrive on an unsuspecting and unprepared Earth The Travelers are peaceful explorers yet their arrival results in billions of human deaths from the chaos that ensues Will their arrival on Earth be the demise of the human race Or will mankind join the Travelers in expeditions to the other planets Thijar Hyperios Kikrit Freytus Acfarr Vaagon Minyos Ozkozania Dagomere and Pluvikerr These planets were all colonized by the First Ones thousands of years ago but have evolved into vastly different civilizations And unbeknownst to the humanoids inhabiting the 12 Planets a malevolent entity known as Torajii has vowed to exterminate all humanoids from the universe

BOOK 2 Taking advantage of the worldwide Blackout the Travelers from the planet Schyllus unite the nations of Earth into a single supnation called Pangaea governed by the World Council Travelers dominate the World Council and have surreptitiously placed Travelers in strategic positions in the government military and society But are the Traveler s intentions for Earth good or evil Simultaneously the world s elite have established themselves in 144 utopian cities scattered throughout the globe declaring their independence from Pangaea in utter defiance of the World Council Civil war breaks out But the 144 are protected by private armies armed with sophisticated weapons including nuclear electromagnetic pulse weapons and anti nanobot defenses Now on the planet Schyllus Christiaan is deeply concerned about the Traveler s duplicitous actions on Earth But before he can intervene he is given a rare Eternity Orb by the Being who sends him to distant planets on a mission to unite the 12 Planets into a mighty Intergalactic Empire On his otherworldly journeys Christiaan encounters the mysterious Philosopher a civilization trapped in a virtual world controlled by a devious A I and a planet controlled by the godlike Machine All the while the malevolent Torajii a sentient virus created when he was blasted with gamma rays and other high energy radiation in the aftermath of a supernova continues to enact his plan to exterminate every humanoid in the universe

BOOK 3 The adventures of Christiaan Daniel and Hannah continue on the planet Hyperios It s the third planet among the 12 Planets the three Tellurians have visited It doesn t go well They endure crisis after crisis When Christiaan mysteriously vanishes while trying to return to Schyllus Daniel goes in search of him leaving Hannah all alone on Hyperios for decades just as things go from bad to apocalyptic Daniel eventually finds his dad in a strange solar system in the unknown part of the universe called Eternity where phantasmal laws prevail There they encounter a mysterious race of humans called the Vandekirians who hold answers to the origin and true purpose of the 12 Planets Meanwhile Torajii births new enemies more powerful than himself enemies who lust to make the 12 Planets their playthings

Teacher of the Logos Joseph W. Trigg, Robin Darling Young, 2025-09-19 In 2012 Marina Molin Pradel an archivist at the Bavarian State Library discovered that CMG 314 a long neglected Byzantine manuscript contained twenty nine homilies by Origen the most important and most

talented genius of early Christianity He delivered these homilies around 259 CE shortly before arrest and torture during the Decian persecution would put an end to his work Thus along with the Contra Celsum Origen s lengthy defense of Christianity written after 248 when that persecution was clearly impending they enable readers to appreciate Origen s fully developed thought Except for the four of these homilies that had been translated into Latin in the fifth century scholars of Origen thought that all the homilies on the Psalms had been lost In 2015 Lorenzo Perrone of the University of Bologna an eminent Origen scholar assisted by a team including Dr Pradel produced a magnificent critical edition of the text In 2017 the editors of this volume organized a colloquium in Washington DC generously hosted by the program in Early Christian Studies The authors of this volume a group of American and Canadian scholars invited Professor Perrone to address the discovery of the homilies and his edition and to join their discussion of their interpretation This volume represents the group s energetic investigations and discussion over the two days of the conference The essays address Origen s use of language his philosophical interests his relationship with Judaism and his scholarly patrimony in the next century

12 Planets of the Intergalactic Map: The Being, the Philosopher, and the Machine Derek Mailhiot, Taking advantage of the worldwide Blackout the Travelers from the planet Schyllus unite the nations of Earth into a single supernation called Pangaea governed by the World Council Travelers dominate the World Council and have surreptitiously placed Travelers in strategic positions in the government military and society But are the Traveler s intentions for Earth good or evil Simultaneously the world s elite have established themselves in 144 utopian cities scattered throughout the globe declaring their independence from Pangaea in utter defiance of the World Council Civil war breaks out But the 144 are protected by private armies armed with sophisticated weapons including nuclear electromagnetic pulse weapons and anti nanobot defenses Now on the planet Schyllus Christiaan is deeply concerned about the Traveler s duplicitous actions on Earth But before he can intervene he is given a rare Eternity Orb by the Being who sends him to distant planets on a mission to unite the 12 Planets into a mighty Intergalactic Empire On his otherworldly journeys Christiaan encounters the mysterious Philosopher a civilization trapped in a virtual world controlled by a devious A I and a planet controlled by the godlike Machine All the while the malevolent Torajii a sentient virus created when he was blasted with gamma rays and other high energy radiation in the aftermath of a supernova continues to enact his plan to exterminate every humanoid in the universe Can Christiaan stop him
