Dividend Policy:

Financial Management Eugene F. Brigham,1982 Written for and praised by students just like you FINANCIAL MANAGEMENT THEORY AND PRACTICE gives you relevant practical and easy to understand information covering all of the financial management topics you need to succeed in this course Underlying theory is presented first in an accessible style and then followed by the practical application

Dividend Policy George Frankfurter,Bob G. Wood,James Wansley,2003-06-24 Dividend Policy provides a comprehensive study of dividend policy It explores the puzzle presented by dividends irrational and subject to fashion yet popular and desirable they remain a priority among managers even while perceived as largely symbolic After exploring the history of dividend payments from the emergence of the modern corporation to current perspectives it traces the evolution of academic models on dividend policy Here the authors review models of symmetric and asymmetric information before analyzing academia s accomplishments in solving the dividend puzzle Related subjects such as valuation and wealth distribution round out the authors presentation about new ways to think about one of the most intriguing subjects in financial economics The book is recommended for professors and students in departments of finance and business corporate finance staff and financial regulators The only comprehensive study of dividend policy Covers the historical evolution of dividends and academic research on dividend policy Presents new ways of thinking about dividends and dividend policy

Financial Accounting for Management Ambrish Gupta,2008-09 Financial Accounting for Management An Analytical Perspective focuses on the analysis and interpretation of financial information for strategic decision making to enable students and managers to formulate business strategies for revenue enhancement cost economies efficiency improvements restructuring of operations and further expansion or diversification for creating and enhancing the shareholder s value Though the book has MBA MFC and MBE students as its primary audience managers in the corporate sector and students of CA CWA CS CFA and CAIIB will find it equally useful because of its practical orientation

Capital Markets and Finance Bibliography ,1979

The Cost of Capital Seth Armitage,2005-03-17 This book provides an answer to the question What does the finance and economics literature say about the determination and estimation of a project s cost of capital Uniquely it reviews both the theory of asset pricing in discrete time and a range of more applied topics which relate to project valuation including the effects of corporate and personal taxes the international dimension estimation of the cost of equity in practice and the cost of capital for regulated utilities It seeks to explain models and arguments in a way which does justice to the reasoning whilst minimising the prior knowledge of finance and maths expected of the reader It acts as a bridge between a general undergraduate or MBA text in finance accounting or economics and the modern theoretical literature on the cost of capital
