[Summa Theologica, Volume 5 \(Part III, Second Section & Supplement\)](#) St

Thomas Aquinas, Thomas Aquinas, 2013-01-01 The Summa Theologica is the best known work of Italian philosopher scholar and Dominican friar SAINT THOMAS AQUINAS 1225 1274 widely considered the Catholic Church's greatest theologian. Famously consulted immediately after the Bible on religious questions at the Council of Trent, Aquinas's masterpiece has been considered a summary of official Church philosophy ever since. Aquinas considers approximately 10,000 questions on Church doctrine covering the roles and nature of God, man, and Jesus, then lays out objections to Church teachings and systematically confronts each using Biblical verses, theologians, and philosophers to bolster his arguments. In Volume V, Aquinas addresses penance, contrition, and confession, excommunication, matrimony, and divorce, slavery, judgment, purgatory, and much more. This massive work of scholarship, spanning five volumes, addresses just about every possible query or argument that any believer or atheist could have and remains essential more than seven hundred years after it was written for clergy, religious historians, and serious students of Catholic thought.

**Summa Theologica, Part III (Tertia Pars)** Thomas Aquinas, 2021-12-12 Summa Theologica Part III Tertia Pars Thomas Aquinas The Summa Theologiae Latin Compendium of Theology or Theological Compendium also subsequently called the Summa Theologica or simply the Summa written 1265 1274 is the best known work of Thomas Aquinas c. 1225 1274 and although unfinished one of the classics of the history of philosophy and one of the most influential works of Western literature. It is intended as a manual for beginners in theology and a compendium of all of the main theological teachings of the Church. It presents the reasoning for almost all points of Christian theology in the West. The Summa's topics follow a cycle: the existence of God, Creation, Man, Man's purpose, Christ, the Sacraments, and back to God. (courtesy of wikipedia.com)

This is part 3 Tertia Pars. The way which leads to God is Christ, the theme of part III. It can be asserted that the incarnation was absolutely necessary. The Unio between the Logos and the human nature is a relation between the divine and the human nature which comes about by both natures being brought together in the one person of the Logos. An incarnation can be spoken of only in the sense that the human nature began to be in the eternal hypostasis of the divine nature. So Christ is unum since his human nature lacks the hypostasis. The person of the Logos accordingly has assumed the impersonal human nature and in such way that the assumption of the soul became the means for the assumption of the body. This union with the human soul is the gratia unionis which leads to the impartation of the gratia habitualis from the Logos to the human nature. Thereby all human potentialities are made perfect in Jesus. Besides the perfections given by the vision of God which Jesus enjoyed from the beginning, he receives all others by the gratia habitualis.
