Narrative Theory in Journalistic Practice Yngve Benestad Hågvar,Harald Hornmoen,Jørgen Alnæs,2025-11-28 Narrative Theory in Journalistic Practice provides innovative analytical frameworks for examining journalistic narratives in today s digital multimodal media landscape The volume expands beyond traditional models focused on linear texts to address contemporary formats across multiple platforms Through empirical analyses of genres such as immersive long form stories live news reports social media news podcasts and still images the book explores the dual function of journalistic narratives they are suited to engage readers in both trivial and complex events and issues but will also advance certain interpretations of reality and downplay others The book conveys a critical and constructivist view on narratives showing how journalistic stories contribute to shaping people s understanding of reality but also how media users play an active role in interpreting the narratives The volume will interest students and scholars of journalism media studies and narrative studies It is intended for use by graduate students as well as by established researchers

Horror of Philosophy Eugene Thacker,2025-10-14 Eugene Thacker s three cult classic volumes of supernatural horror come together in this new Zer0 Books omnibus revised with updated material offering an essential resource for thinking about the unthinkable world Zer0 Books presents a new omnibus edition of a cult classic all three volumes of Eugene Thacker s Horror of Philosophy trilogy revised and expanded by the author Across the three volumes of the series Thacker adopts a unique approach reading works of horror as if they were philosophy and works of philosophy as if they were horror leading to far reaching questions Could it be that the more we know about the world the less we understand it Could it be that while everything has been explained nothing has meaning At the center of Thacker s project is the idea of the world without us an increasingly unthinkable world of planetary disasters emerging pandemics and the looming threat of extinction To confront this idea is to confront the limit of our ability to understand the world in which we live not a philosophy of horror but a horror of philosophy

"Neither Letters nor Swimming": The Rebirth of Swimming and Free-diving John M. McManamon,2021-03-01 In a novel study of the impact of classical culture John McManamon demonstrates that Renaissance scholars rediscovered the importance of swimming to the ancient Greeks and Romans and

conceptualized the teaching of swimming as an art The ancients had a proverb that described a truly ignorant person as knowing neither letters nor swimming McManamon traces the ancient textual and iconographic evidence for an art of swimming demonstrates its importance in warfare and highlights the activities of free divers who exploited the skill of swimming to earn a living Renaissance theorists of a humanist education first advocated a rebirth for swim training Erasmus included the classical proverb in his Adages and two sixteenth century scholars wrote treatises in dialogue form on methods for teaching young people how to swim *Forum and Column Review* ,1912 Forum ,1912 The Forum ,1912 Current political social scientific education and literary news written about by many famous authors and reform movements Son of the Wind Lucia Chamberlain,1910 **The Birds of Ohio** William Leon Dawson,1903 The Junior Cup Allen French,1902 **Air Men O' War** Boyd Cable,1919 It has been my endeavour throughout these tales not only to chronicle some of the wonderful work done in the air but also to show the connection between it and that of the Armies on the ground the assistance rendered in so many ways by the air arm and its value in a battle and in a campaign I hope that my stories may show something of the skill and daring of the air men and what is less well known to the public how much they are doing to save the lives and cut down the casualties of the men on the ground and to help our arms to victory Already I have been rebuked for exaggerating and making my characters perform impossible feats so I may forewarn the reader that I have written nothing here for which I cannot find an actual parallel and in some cases even more wonderful fact Practically every incident I have pieced into my tales has to my own knowledge occurred and I have left untold many which for sheer sensationalism would beat these hollow *Russian Folk-tales* William Ralston Shedden Ralston,1880
