Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

KIPLING, 2019 **A Diversity of Creatures - Rudyard Kipling** Rudyard Kipling, 2009-11-13 *A Diversity of Creatures* was published in 1917 but most of the stories predate World War I and it shows The book resembles the just preceding adult collection *Actions and Reactions* more than it does the postwar collections such as *Limits and Renewals* Indeed I would classify *A Diversity of Creatures* as something of a disappointment if only relative to Kipling's high standard It does include one of his all time great stories *Mary Postgate* and one other very fine story the odd SF piece *As Easy as A B C* Perhaps not surprisingly these close and open the collection There is also the famous comic story *The Village That Voted the Earth Was Flat*

The A B C that semi elected semi nominated body of a few score persons controls the Planet Transportation is Civilisation our motto runs Theoretically we do what we please so long as we do not interfere with the traffic and all it implies Practically the A B C confirms or annuls all international arrangements and to judge from its last report finds our tolerant humorous lazy little Planet only too ready to shift the whole burden of public administration on its shoulders

With the Night Mail 1 1 *Actions and Reactions* Isn't it almost time that our Planet took some interest in the proceedings of the Aerial Board of Control One knows that easy communications nowadays and lack of privacy in the past have killed all curiosity among mankind but as the Board's Official Reporter I am bound to tell my tale At 9 30 A M August 26 A D 2065 the Board sitting in London was informed by De Forest that the District of Northern Illinois had riotously cut itself out of all systems and would remain disconnected till the Board should take over and administer it direct Every

Northern Illinois freight and passenger tower was he reported out of action all District main local and guiding lights had been extinguished all General Communications were dumb and through traffic had been diverted No reason had been given but he gathered unofficially from the Mayor of Chicago that the District complained of crowd making and invasion of privacy As a matter of fact it is of no importance whether Northern Illinois stay in or out of planetary circuit as a matter of policy any complaint of invasion of privacy needs immediate investigation lest worse follow By 9 45 A M De Forest Dragomiroff Russia Takahira Japan and Pirolo Italy were empowered to visit Illinois and to take such steps as might be necessary for the resumption of traffic and all that that implies By 10 A M the Hall was empty and the four Members and I were aboard what Pirolo insisted on calling my little godchild that is to say the new Victor Pirolo Our Planet prefers to know Victor Pirolo as a gentle grey haired enthusiast who spends his time near Foggia inventing or creating new breeds of Spanish Italian olive trees but there is another side to his nature the manufacture of quaint inventions of which the Victor Pirolo is perhaps not the least surprising She and a few score sister craft of the same type embody his latest ideas But she is not comfortable An A B C boat does not take the air with the level keeled lift of a liner but shoots up rocket fashion like the aeroplane of our ancestors and makes her height at top speed from the first That is why I found myself sitting suddenly on the large lap of Eustace Arnott who commands the A B C Fleet

A Diversity of Creatures Rudyard Kipling, 2013-12-10 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book
