Divided Britain:

Divided Britain Ray Hudson, Allan M. Williams, 1989 **Towards a Very British Version of the “Culture Wars”** Alma-Pierre Bonnet, Raphaële Kilty, 2024-12-30 This book examines the emergence and the political use of what has come to be known as culture wars in the United Kingdom Adopting multidisciplinary perspectives it investigates the ways in which cultural identities are used for political ends The book bridges the conceptual and theoretical gap in fully understanding the so called culture wars in a British context as such it envisages debates as part of a larger political project to gain popular support by tapping into voters sense of neglect by the political elite Applying the concept of national populism as a binding conceptual framework for the book a prestigious panel of international experts offer thorough analyses to show that not enough attention is being paid to what may be considered as an escalation of culture wars and to how divisions have been accentuated by political elites to deliberately exacerbate them This book will be of key interest to scholars students and readers in British politics populism studies party politics Conservative party politics and more broadly to European and Comparative politics **Dreams of Leaving and Remaining** James Meek, 2021-02-23 The anatomy of Britain on the edge of Brexit by Orwell Prize winning journalist Since Britain s 2016 referendum on EU membership the nation has been profoundly split one side fantasizing that the referendum will never be acted upon the other entrenched in questionable assumptions about reclaimed sovereignty and independence Underlying the cleavage are primal myths deeper histories and political folk legends James Meek the George Orwell of our times goes in search of the stories and consequences arising out of a nation s alienation from itself In Dreams of Leaving and Remaining Meek meets farmers and fishermen intent on exiting the EU despite the loss of protections they will incur He reports on a Cadbury s factory shut down and moved to Poland in the name of free market economics exploring the impact on the local community left behind He charts how the NHS is coping with the twin burdens of austerity and an aging population Dreams of Leaving and Remaining is urgent reporting from one of Britain s finest journalists James Meek asks what we can recover from the debris of an old nation as we head towards new horizons and what we must leave behind There are no easy answers and what he creates instead is a masterly portrait of an anxious troubled nation **Community Architecture (Routledge Revivals)** Nick Wates, Charles Knevitt, 2013-09-05 First published in 1987 this title was one of the first to explore the emerging popular movement of Community Architecture championed by Prince Charles which gained momentum throughout Britain in the 1970s and 1980s The conceptual framework rests fundamentally on the principle that the built environment is most effective when those who live in a particular area are actively engaged with its creation and daily administration A work that has influenced policy makers and planning legislation Community Architecture remains one of the key reference works for student architects and planners **“A” Synopsis of English History from the Earliest Times to the Year 1870** Stacey Grimaldi, 1871 **Televising Ancient Rome in the Twenty-First Century** Lisa Maurice, 2025-10-31 Ever since HBO BBC s Rome burst onto screens in

2005 Rome has appeared on television screens in a variety of dramatic productions These utilise many of the elements of ancient Rome that were familiar to audiences from big screen epic movies but adapt them for a television genre in a manner that is characteristic of the the second millennium playing on older tropes and merging them with new formats Where do such tropes come from and how have they been developed over time specifically on the small screen a medium that overlaps with but is substantially different from the cinema How have the changes in technology and the manner in which television is consumed by audiences influenced the productions Answering these questions and more this book examines the presentation of ancient Rome in primarily British and American television productions of the twenty first century exploring not only how they depict the ancient world but how the various programmes reflect aspects and concerns of contemporary society in which they are produced Through a series of nine different case studies it considers three main issues the miniseries format as television epic sexuality and gender in contemporary ancient Rome productions and specific national contexts

Pearce, 1901 **From Broke To Brexit** Michael Burton, 2021-09-30 Perhaps the most extraordinary period in modern British history the years between the Great Recession and Brexit have often been dubbed the lost decade because of the economic and political turmoil caused by those two great events Michael Burton outlines how the first led to the second assisted by a rare confluence of other often unrelated social and political

factors that delivered the shock Leave verdict in the EU referendum of 2016 These included the longstanding grievances of voters in former industrial areas feeling left behind by globalism stagnant incomes after the recession austerity the rise of social media the refugee and Eurozone crisis in Europe the deep split in the Conservative and Labour parties over the EU and rising wealth inequalities The author also charts the chaotic political landscape that ended in the final Brexit deal This book is ideal for the general reader as well as for students of politics history and economics needing a concise and well explained account of this turbulent period in British history
