

Apocalipsis Apocalypse

British Museum (Londen)

Apocalipsis Apocalypse:

Gothic Sovereignty Jon Horne Carter, 2022-02-01 Gang related violence has forced thousands of Hondurans to flee their country leaving behind everything as refugees and undocumented migrants abroad To uncover how this happened Jon Carter looks back to the mid 2000s when neighborhood gangs were scrambling to survive state violence and mass incarceration locating there a critique of neoliberal globalization and state corruption that foreshadows Honduras s current crises Carter begins with the story of a thirteen year old gang member accused in the murder of an undercover DEA agent asking how the nation s seductive criminal underworld has transformed the lives of young people He then widens the lens to describe a history of imperialism and corruption that shaped this underworld from Cold War counterinsurgency to the War on Drugs to the near impunity of white collar crime as he follows local gangs who embrace new trades in the illicit economy Carter describes the gangs transformation from neighborhood groups to sprawling criminal societies even in the National Penitentiary where they have become political as much as criminal communities *Gothic Sovereignty* reveals not only how the revolutionary potential of gangs was lost when they merged with powerful cartels but also how close analysis of criminal communities enables profound reflection on the economic legal and existential discontents of globalization in late liberal nation states

Literary and Cultural Production, World-Ecology, and the Global Food System

Chris Campbell, Michael Niblett, Kerstin Oloff, 2021-08-12 *Literary and Cultural Production World Ecology and the Global Food System* marks a significant intervention into the field of literary food studies Drawing on new work in world literature cultural studies and environmental studies the essays gathered here explore how literary and cultural texts have represented and responded to the global food system from the late nineteenth century to the present day Covering topics such as the impact of colonial monocultures and industrial agriculture enclosure and the loss of the commons the meatification of diets the toxification of landscapes and the consequences of climate breakdown the volume ranges across the globe from Thailand to Brazil Cyprus to the Caribbean Whether it is anxieties over imported meat in late Victorian Britain labour struggles on Guatemalan banana plantations or food dependency in Puerto Rico the contributors to this volume show how fiction poetry drama film and music have critically explored and contributed to food cultures worldwide
