Apache Diaries:

The Apache Diaries Grenville Goodwin, Neil Goodwin, 2002-01-01 In 1930 four decades after the surrender of Geronimo anthropologist Grenville Goodwin headed south in search of a rumored band of wild Apaches in the Sierra Madre Goodwin's journals chronicling his epic search have been edited and annotated by his son Neil who was born three months before his father's tragic death at the age of thirty three Neil Goodwin uses the journals to engage in a dialogue with the father he never knew *Like a Brother* Neil Goodwin, 2015-11-15 When the anthropologist Grenville Goodwin died in 1940 at the age of 32 he had published several papers and one book *Myths and Tales of the White Mountain Apache* and had already achieved a stature that has only continued to grow His posthumous landmark monograph *The Social Organization of the Western Apache* was hailed by anthropologist Edward Spicer as one of the most detailed and best documented studies of Indian social organization Yet although he was highly regarded by colleagues within the profession Goodwin himself was largely self-taught with neither formal training nor academic degrees This volume is the latest in series of books derived from his unpublished papers It helps broaden our understanding of Goodwin's life and work It includes selections from his field notes diaries and letters along with those of his wife Jan and other family members Assembled by Goodwin's son Neil who never knew his father these writings are gathered in thematic chapters that extend Neil Goodwin's earlier work *The Apache Diaries* and shed light on Grenville Goodwin's deepening understanding of the Apache people and their culture and of the wrenching problems which reservation life forced on them In two of the chapters Neil tells how he retraced his father's search for the Sierra Madre Apache re-discovering abandoned Apache campsites and conveying even more personally than his father's diaries what was for both father and son the adventure of a lifetime Other chapters trace Goodwin's interest in children of the Sierra Madre Apaches who were captured in Mexican raids on these camps during the early decades of the twentieth century The full stories of the lives of three of these children are for the first time pieced together from newly gathered research Grenville was quiet self-effacing and rarely revealed his inner life but one chapter affords a closer look a portrait of his marriage to Neil's mother Jan Her diary entries juxtaposed with her vivid poetry and her paintings and drawings illuminate her relationship with Grenville and throw his elusive personality into deeper relief than his own writings do Here too are letters from Goodwin's Apache friends that paint a powerful and poignant portrait of their daily lives and of their relationship with him Goodwin's daily diary excerpts relate his own experiences on the San Carlos Apache reservation from 1928 to 1936 what was happening at the store how the cattle were doing who was in jail and thousands of other details that give readers a sharp sense of what the reservation was like in the 1930s As these writings also show Goodwin was powerfully drawn to Apache spirituality and became steeped in their sacred knowledge His simple description of a day in the life of an Apache family captures the expression of this spirituality in the rhythms of everyday life whether greeting the rising sun curing an injury plowing the earth or simply being good to one's family More than half a century after his death Grenville

Goodwin continues to be regarded as one of the most enigmatic and romantic figures in American anthropology Like a Brother gives us a fuller understanding of the man and his work as it broadens our knowledge of Apache history and culture

Violent Encounters Deborah Lawrence, Jon Lawrence, 2012-09-13 Merciless killing in the nineteenth century American West as this unusual book shows was not as simple as depicted in dime novels and movie Westerns The scholars interviewed here experts on violence in the West embrace a wide range of approaches and perspectives and challenge both traditional views of western expansion and politically correct ideologies The Battle of the Little Big Horn the Sand Creek Massacre the Battle of the Washita and the Mountain Meadows Massacre are iconic events that have been repeatedly described and analyzed but the interviews included in this volume offer new points of view Other events discussed here are little known today such as the Camp Grant Massacre in which Anglo Americans Mexican Americans and Tohono O odham Indians killed more than a hundred Pinal and Aravaipa Apache men women and children In addition to specific events the interviews cover broader themes such as violence in early California hostilities between the frontier army and the Sioux including the Santee Sioux Revolt and Wounded Knee and violence between European Americans and Great Basin tribes such as the Bear River Massacre The scholars interviewed include academic historians public historians an anthropologist and a journalist The interview format provides insights into the methodology and tools of historical research and allows questions and speculations often absent from conventional written accounts The scholars share their latest thoughts on long standing controversies address the political uses often made of history and discuss the need to incorporate multiple viewpoints Scholars and students of history and historiography will be fascinated by the nuts and bolts information about the practice of history revealed in these interviews In addition readers with specific interests in the events discussed will gain much new information and many fresh insights

Like a Brother Neil Goodwin, 2004-04 Originally appeared as a double issue of the Journal of the

Southwest Vol 43 nos 1 and 2 Spring Summer 2001 Includes bibliographical references The Civil War in Apacheland
George O. Hand, 1996 The publication of *Whiskey Six Guns and Red Light Ladies* in 1994 introduced readers to the ribald 1870s diary of frontier saloon keeper George Hand More than a decade earlier George Hand kept another spirited journal this one recording his service with the Union Army Marching from California through Arizona West Texas and southern New Mexico Sergeant Hand and the other volunteers of the California Column protected the southwest from further invasions by the Texas Rebels Their hardships and adventures are recorded in Hand's salty journal heat dust thirst and cold ethnic tensions frontier whiskey and Apache depredations bad food and disease and imperious officers whom enlisted men Hand does not hesitate to cuss George Hand also hunted ducks and quail in a pristine Southwest pulled huge catfish from the Rio Grande and rescued a damsel in distress The Civil War in Apacheland provides an intimate view of a little known theater of the Civil War and is the first hand chronicle of an army that contributed mightily to the American settlement of the Southwest

Genocide in the Middle East Hannibal Travis, 2010 *Genocide in the Middle East* describes the genocide of the Armenians Greeks and Assyrians of the Ottoman Empire in the nineteenth and early twentieth centuries of the Kurds and other persons living under Saddam Hussein in northern Iraq in the late 1980s and of the Dinka Nuba Fur Masalit and Zaghawa peoples of Sudan from the 1970s to the present It situates these crimes in their historical context as outgrowths of intolerant religious traditions imperialism and the rise of the nation state Cold War insurgencies and counterinsurgencies and the global competition for resources and markets at the expense of indigenous peoples This requires a more thorough investigation of the case law on genocide than has been attempted in the literature on genocide to date including detailed accounts of the prosecutions of the leaders of the Ottoman Empire after World War I of Saddam Hussein and other Iraqi officials after Operation Iraqi Freedom and of President Omar Hassan al Bashir and other leaders of Sudan by the International Criminal Court Finally the book explores emerging problems of genocidal terrorism cultural genocide and structural genocide due to starvation disease and displacement The field of genocide studies has grown rapidly in recent years fueled by interest in the Armenian genocide the wars in the former Yugoslavia and Iraq and the widespread massacres in southern Sudan and Darfur While several comparative studies of the Armenian genocide the Holocaust and other genocides have been published none of them focuses on genocide in the Middle East and North Africa since the nineteenth century This book provides a comprehensive history of genocide in the broader Islamic world with a particular focus on the twentieth century It is of interest to general readers undergraduates graduate students academics journalists and legal professionals and will be useful as a text for courses on International Law International Criminal Law Law and Religion Middle East Studies International Relations Public Policy Criminal Justice or World History The comprehensive research is breath takingly evident This historical account of the lesser known genocidal conflicts is incredibly revealing Perhaps the best thing one could say about this book is that the familiar adage Those who ignore history are bound to repeat it reverberates

throughout this intensely engaging volume ASIL UN21 Newsletter This ambitious book in its research and coverage tells a sorry tale of mankind's inhumanity and intolerance over millennia of genocidal deeds and rhetoric A fast moving narrative reaches from biblical times to Darfur describing tragic events accompanied by selective quotations from their participants and observers Genocide may be a recently invented term but its occurrences based on a variety of causes and reasons seem to have been a deep part of the human experience of group interactions Henry Steiner Professor of Law Emeritus Harvard Law School and co author International Human Rights in Context Law Politics Morals Oxford and New York Oxford University Press 3d ed 2007 In Genocide in the Middle East Hannibal Travis breaks new ground in genocide studies by unveiling the full panoply of genocidal processes in the Middle East and West Asia as no previous scholar has But he does much more in terms of its twentieth and twenty first century coverage this is simply the most expansive detailed and up to date history of genocide we possess Adam Jones Associate Professor Political Science University of British Columbia Okanagan and author of Genocide A Comprehensive Introduction London Routledge 2006 Professor Travis study of genocide and the contribution he makes for a better understanding of the Assyrian one is an invaluable event This is not a book of sociology but of historical review and analysis As such it deserves the highest of accolades Journal of Assyrian Academic Studies *Utah Historical Quarterly* J. Cecil Alter, 2000 *Journal of the West*, 2005 Apache Days and Tombstone Nights John Philip Clum, 1997 It has been said that two sagas of the Southwest stand out above all others the Apache Wars and the turbulent years of Tombstone Arizona in the early 1880s No one was more intimately involved in these events than John Clum As an Indian agent Clum was decades ahead of his time He respected the Apache and years before Buffalo Bill Cody took a number of them to the Eastern states as part of a Wild West road show He was also an Indian fighter who outfoxed Geronimo and took him prisoner at the Warm Springs Reservation in New Mexico Later he would serve as mayor of Tombstone and he would found the most famous newspaper in the West the Tombstone Epitaph During his Tombstone years Clum would befriend the Earp brothers and would support them in their feud with the Clanton gang The autobiography and related memoirs collected here have not previously been published in book form Carefully annotated by Neil Carmony Apache Days and Tombstone Nights offers John Clum's singular view of notable events in Southwest history
