**The Apocalypse Watch** Robert Ludlum, 2012-08-14 American agent Harry Latham has penetrated the fortresslike mountain hideaway of the Brotherhood of the Watch a neo Nazi organization that was born in the days after the fall of the Third Reich But on the eve of his most spectacular success after three years in deep cover Harry disappears Drew Latham Special Officer for Consular Operations in Paris is frantic to discover his older brother s fate But when Drew receives the good news that Harry has surfaced gut twisting doubts arise For Harry has emerged with an explosive document a list of secret supporters of the Brotherhood among them high ranking officials of the United States and its allies But is it legitimate The search for the truth about Harry and the growing Nazi threat will plunge Drew into a labyrinth of deceit and death And whoever makes it out alive will hold the fate of the free world in his hands Praise for Robert Ludlum and The Apocalypse Watch A powerful exploding novel vintage Ludlum in fine form Booklist If a Pulitzer Prize were awarded for escapist fiction Robert Ludlam undoubtedly would have won it Ten times over Mobile Register Bloody great fun Kirkus Reviews BONUS This edition includes an excerpt from Robert Ludlum s The Bourne Identity **Apocalypse without God** Ben Jones, 2022-04-21 Apocalypse it seems is everywhere Preachers with vast followings proclaim the world s end Apocalyptic fears grip even the nonreligious amid climate change pandemics and threats of nuclear war As these ideas pervade popular discourse grasping their logic remains elusive Ben Jones argues that we can gain insight into apocalyptic thought through secular thinkers He starts with a puzzle Why would secular thinkers draw on Christian apocalyptic beliefs often dismissed as bizarre to interpret politics The apocalyptic tradition proves appealing in part because it theorizes a relation between crisis and utopia Apocalyptic thought points to crisis as the vehicle to bring the previously impossible within reach offering resources for navigating challenges in ideal theory which involves imagining the best most just society By examining apocalyptic thought s appeal and risks this study arrives at new insights on the limits of utopian hope This title is available as open access on Cambridge Core **THE DARK FREEZE** Peter Gregory, 2019-10-01 Probes from an advanced alien civilisation are discovered amongst meteorites which have hit the coldest parts of the planet Are they an attempt to communicate or are they a prelude to something much more sinister an alien invasion Is the human race in danger of annihilation The events lead to much debate on earth Scientists too are puzzled Why have the aliens used probes Why have the coldest and least populated parts of the planet been targeted All these questions are answered when a giant asteroid a mini world full of aliens swings into orbit The sun s life giving light and heat is blocked out causing the temperature to plummet to a mind numbing minus sixty degrees Celsius Most of the Earth s plant and animal life perishes including millions of humans and the survivors are left facing the starkest of choices As one attempt after another to defeat the aliens fails the scientists come up with a final last ditch weapon to destroy the enemy but is it going to be too little too late **Tours of Hell** Martha Himmelfarb, 2016-11-11 From the ancient Book of the Dead to Dante s Divine Comedy the living have attempted to describe

the world of the dead *Tours of Hell* focuses on one form of that attempt the tours of hell found in Jewish and Christian apocalypses of late antiquity and the early Middle Ages *Himmelfarb* examines seventeen texts preserved in five languages and spanning a thousand years of human history These include Hebrew texts and Christian texts in Greek Latin Ethiopic and Coptic such as the Apocalypse of Peter and the Apocalypse of Paul family Muslim texts medieval visions and other related literatures are also discussed *Himmelfarb* details the common elements of the tour tradition including such features as a hero or heroine figure a heavenly revealer and descriptions of the punishments awaiting those who arrive in hell She convincingly refutes the accepted nineteenth century critical view of the earliest of these tours the Apocalypse of Peter as a Christian form of an Orphic Pythagorean descent to Hades She place the work instead on the family tree of the tour apocalypse a genre she traces back to the third century B C E Book of the Watchers 1 Enoch 1 36 Linking the Apocalypse of Peter with later Jewish tours of hell *Himmelfarb* reveals significant sin and punishment combinations that seem to point to a common source which she theorizes to be a lost Jewish Tour work of the late Second Temple period Rich and fascinating texts seldom before brought to light are treated in detail in this pioneering study A comprehensive work on the apocalyptic tradition *Tours of Hell* will be of great interest to scholars and students of religion history ancient and medieval literature and Dante studies

*Asteroid Answers to Ancient Calendar Mysteries* Herbert B. Stollorz,2008-07-03 Ancient calendars found around the world are designed to end one point in time They communicate an urgent warning to everyone alive today Complex bronze and gold clocks with multiple dials are found in museums around the world Why they have such advanced intricacy has stumped scientists for hundreds of years This book reveals why the ancients built so many pyramids observatories as well as those complex gold and bronze clocks with more than one dial It surprised me greatly to discover that their various complex designs in one way or another converge on 21 December 2012 It amazes me that ancient cultures separated by thousands of miles of geography and thousands of years in chronology agree so precisely in the cyclical nature of time history and prophecy which is history written in advance The most famous example is the Mayan Aztec calendar which ends its 25 626 year cycle on that momentous date Some researchers have also found 21 December 2012 in what is called the Bible Code Using very different research methods I discovered it in the Bible s book of Revelation and Daniel s prophecies It is one of the most important dates in the plan of God for all humanity *Interpreting Texts* Kim Ballard,2013-04-15 Part of the Routledge A Level English Guides series this title focuses on developing the skills needed to successfully interpret texts and covers key aspects of the area including discourse intertextuality and theoretical approaches *Father's Eyes* Winston Anselm Irons,2024-05-03 What are characteristics and traits of Father s Eyes that every human being and world citizen should strive to understand demonstrate elicit exhibit and share with this generation and every future generation regardless of whether they are an actual parent mother or father of children What are the admirable eternal and universal common features and traits of those who possess and responsibly advocate for Father s Eyes life behavior protection and safety of self and others
