Apples Of The Hesperides:

Herakles Son of Zeus Barbara Neustadt,1997-11-01 Mythology Greek and Roman, tr. by Mrs. A.W. Hall Friedrich August Nösselt,1885 **Encyclopedia of Greek and Roman Mythology** Luke Roman,Monica Roman,2010 Greek and Roman mythology has fascinated people for more than two millennia and its influence on cultures throughout Europe America North Africa and the Middle East attests to the universal appeal of the stories This title examines the best known figures of Greek and Roman mythology together with the great works of classic literature **The Three Golden Apples** Nathaniel Hawthorne,2021-04-20 Did you ever hear of the golden apples that grew in the garden of the Hesperides Ah those were such apples as would bring a great price by the bushel if any of them could be found growing in the orchards of nowadays But there is not I suppose a graft of that wonderful fruit on a single tree in the wide world Not so much as a seed of those apples exists any longer And even in the old old half forgotten times before the garden of the Hesperides was overrun with weeds a great many people doubted whether there could be real trees that bore apples of solid gold upon their branches All had heard of them but nobody remembered to have seen any Children nevertheless used to listen open mouthed to stories of the golden apple tree and resolved to discover it when they should be big enough Adventurous young men who desired to do a braver thing than any of their fellows set out in quest of this fruit Many of them returned no more none of them brought back the apples No wonder that they found it impossible to gather them It is said that there was a dragon beneath the tree with a hundred terrible heads fifty of which were always on the watch while the other fifty slept In my opinion it was hardly worth running so much risk for the sake of a solid golden apple Had the apples been sweet mellow and juicy indeed that would be another matter There might then have been some sense in trying to get at them in spite of the hundred headed dragon But as I have already told you it was quite a common thing with young persons when tired of too much peace and rest to go in search of the garden of the Hesperides And once the adventure was undertaken by a hero who had enjoyed very little peace or rest since he came into the world At the time of which I am going to speak he was wandering through the pleasant land of Italy with a 4mighty club in his hand and a bow and quiver slung across his shoulders He was wrapt in the skin of the biggest and fiercest lion that ever had been seen and which he himself had killed and though on the whole he was kind and generous and noble there was a good deal of the lion s fierceness in his heart As he went on his way he continually inquired whether that were the right road to the famous garden But none of the country people knew anything about the matter and many looked as if they would have laughed at the question if the stranger had not carried so very big a club The Delphian Course: Hebrew literature.
