**Australia and Taiwan** Joel Atkinson,2012-10-19 Australia Taiwan relations defy easy categorisation Business and trade links are robust Both countries support the US led East Asian order and democracy Yet omnipresent pressure from China ensures relations are hard edged and mutually exasperating In Australia and Taiwan Joel Atkinson untangles and explains this important Asia Pacific relationship He covers history through to the end of the Cold War the role of Taiwan in Australia s contemporary relations with China and the US and bilateral issues such as ministerial visits and friction in the South Pacific Atkinson breaks new ground with this comprehensive analysis of Australia Taiwan relations He draws on numerous interviews conducted in Australia Taiwan and the South Pacific archives newspapers governmental publications leaked US diplomatic cables and Chinese sources *China's Use of Armed Coercion* James A. Siebens,2023-11-17 This book analyzes

when how why and to what effect China has used its armed forces in recent decades to coerce other actors in the international system Over the past 20 years China s international status as a great power has become undeniable China s peaceful rise has included substantial investments in military modernization and an increasingly assertive regional posture While China has not waged war since 1979 it has frequently resorted to what the U S State Department has referred to as gangster tactics threats intimidation and armed confrontation to advance its strategic aims This volume illuminates the ways in which China has employed its military and paramilitary tools to coerce other states and examines the motivations and specific foreign policy objectives that China has pursued using force short of war The study presents new analysis of an original dataset on coercive actions undertaken by China s armed forces taking into account the political objectives pursued and the environmental contexts in which these operations occurred It also presents a series of expert case studies addressing the most consequential examples of China using force to coerce in recent decades The volume contributes to a more historically informed empirically based understanding of great power competition This book will be of much interest to students of Chinese security and foreign policy strategic studies Asian politics and International Relations **US-China**

**Rivalry** Brian C. H. Fong,2024-11-30 US China Rivalry offers a holistic analysis of the unfolding of US China competition in the Indo Pacific using a novel theory called neo offensive realism It synthesises quantitative and qualitative data to examine the intensification of US China competition across the Indo Pacific in recent years with a focus on why the competition is intensifying under the interplay of system level and unit level forces where the competition is unfolding across states and quasi states in the region how the competition is conducted through economic and military influence mechanisms and whether the competition is developing in the future *The Making of Taiwan's Mainland Policy* Han-shin Chen,1993
