

THE POETICS OF  
**ARISTOTLE**

# Aristotles Poetics

**Aristotle, John Baxter, O Atherton**

## **Aristotle's Poetics:**

**Aristotle's Poetics** Stephen Halliwell, 1998-10-30 An analysis of Aristotle's Poetics this work attempts a sustained interpretation of the text contending that it states a challenging theory of poetic art It hints at a theory of mimetic art and represents Aristotle's philosophical urge to work out a secularized understanding of Greek tragedy

**Aristotle's Poetics** Aristotle, 1961 Introduced by Francis Fergusson the Poetics written in the fourth century B C is still an essential study of the art of drama indeed the most fundamental one we have It has been used by both playwrights and theorists of many periods and interpreted in the course of its two thousand years of life in various ways The literature which has accumulated around it is as Mr Fergusson points out full of disputes so erudite that the nonspecialist can only look on in respectful silence But the Poetics itself is still with us in all its suggestiveness for the modern reader to make use of in his turn and for his own purposes Francis Fergusson's lucid informative and entertaining Introduction will prove invaluable to anyone who wishes to understand and appreciate the Poetics Using Sophocles Oedipus Rex as Aristotle did to illustrate his analysis Mr Fergusson points out that Aristotle did not lay down strict rules as is often thought The Poetics he says is much more like a cookbook than it is like a textbook of elementary engineering Read in this way it is an essential guide not only to Sophoclean tragedy but to the work of so modern a playwright as Bertolt Brecht who considered his own epic drama the first non-Aristotelian form

The Poetry of Philosophy Michael Davis, 1999 Although Aristotle's Poetics is the most frequently read of his works philosophers and political theorists have for the most part left analysis of the text to literary critics and classicists In this book Michael Davis argues convincingly that in addition to teaching us something about poetry Poetics contains an understanding of the common structure of human action and human thought that connects it to Aristotle's other writings on politics and morality Davis demonstrates that the duality of Poetics reaches out to the philosopher writer and political theorist and shows the importance of the ideal in our imaginings of and goals for the future

**Aristotle's Poetics** Aristotle, John Baxter, 1997-10-29 Aristotle's Poetics combines a complete translation of the Poetics with a running commentary printed on facing pages that keeps the reader in continuous contact with the linguistic and critical subtleties of the original while highlighting crucial issues for students of literature and literary theory Whalley's unconventional interpretation emphasizes Aristotle's treatment of art as dynamic process rather than finished product The volume includes two essays by Whalley in which he outlines his method and purpose He identifies a deep congruence between Aristotle's understanding of mimesis and Samuel Taylor Coleridge's view of imagination Whalley's new translation makes a major contribution to the study of not only the Poetics and tragedy but all literature and aesthetics

**The Poetics of Aristotle** Aristotle, 1907

**Aristotle's Poetics** Aristotle, 1997 George Whalley's English translation of the Poetics breathes new life into the study of Aristotle's aesthetics by allowing the English speaking student to experience the dynamic quality characteristic of Aristotle's arguments in the original Greek

**Essays on Aristotle's Poetics** Amélie Rorty, 1992-08-30 This

collection of essays locates Aristotle's analysis of tragedy in its larger philosophical context. Philosophers, classicists, and literary critics connect the *Poetics* to Aristotle's psychology and history, ethics and politics. There are discussions of plot and the unity of action, character and fictional necessity, catharsis, pity and fear, and aesthetic pleasure.

**The Poetics of Aristotle** Aristotle, 2016-07-07. The *Poetics* of Aristotle. By Aristotle. A Translation By S. H. Butcher. Aristotle's *Poetics* c. 335 BCE is the earliest surviving work of dramatic theory and the first extant philosophical treatise to focus on literary theory. In it, Aristotle offers an account of what he calls poetry, a term which in Greek literally means making, and in this context includes drama, comedy, tragedy, and the satyr play, as well as lyric poetry and epic poetry. They are similar in the fact that they are all imitations, but different in the three ways that Aristotle describes: Differences in music, rhythm, harmony, meter, and melody; Difference of goodness in the characters; Difference in how the narrative is presented, telling a story or acting it out. In examining its first principles, Aristotle finds two: 1. imitation, and 2. genres, and other concepts by which that of truth is applied, revealed in the *poesis*. His analysis of tragedy constitutes the core of the discussion. Although Aristotle's *Poetics* is universally acknowledged in the Western critical tradition, almost every detail about his seminal work has aroused divergent opinions. The work was lost to the Western world for a long time. It was available in the Middle Ages and early Renaissance only through a Latin translation of an Arabic version written by Averroes.

*Aristotle's poetics: the argument...* Gerald Frank Else, 1963. *Aristotle's Poetics* Aristotle, Leon Golden, O. B. Hardison, 1968. The reprint edition will be most welcome to classicists, comparatists, and students of literary theory. No existing translation of the *Poetics* even approaches the quality and accuracy of Leon Golden's and O. B. Hardison's accompanying commentary. This makes the book eminently useful as a text for literary criticism and literature in translation courses. Roy Arthur Swanson, Professor of Classics and Comparative Literature, University of Wisconsin-Milwaukee. The Golden-Hardison translation and commentary offer some of the clearest and most persuasive explanations of Aristotle's key terms. I am happy to learn that this text will again be available. Donald Keesey, Professor of English, San Jose State University. This volume combines Leon Golden's highly regarded translation of Aristotle's *Poetics* and O. B. Hardison's detailed commentary, providing a comprehensive account of the principles of the *Poetics* and of the critical debates they have engendered. Clearly written, highly readable, the volume was designed to meet the needs of students of literature and criticism who are not proficient in Greek, but it has become a standard reference for scholars as well as students.

*The Poetics of Alfarabi and Avicenna* Salim Kemal, 1991. This book is an original and important study of philosophical issues in medieval Arabic poetics. Examining the commentaries on Aristotle's *Poetics* by Avicenna in the context of Aristotle's logical theory, the author shows how the philosophers justified the logical and moral power of poetic discourse.

**Aristotle's Poetics** Mitchell Carroll, 1896. **Aristotle's Poetics** Aristotle, 1902. [Poetics](#) Aristotle, 2017-03-05. Aristotle's *Poetics* 335 BCE is the earliest surviving work of dramatic theory and the first extant philosophical treatise to focus on literary theory. Aristotle's *Poetics* is the most influential book on poetry ever written. A founding text of European

aesthetics and literary criticism from it stems much of our modern understanding of the creation and impact of imaginative writing including poetry drama and fiction In it Aristotle offers an account of what he calls poetry a term which in Greek literally means making and in this context includes drama comedy tragedy and the satyr play as well as lyric poetry and epic poetry In examining its first principles Aristotle finds two 1 imitation and 2 genres and other concepts by which that of truth is applied revealed in the poesis His analysis of tragedy constitutes the core of the discussion Although Aristotle s Poetics is universally acknowledged in the Western critical tradition almost every detail about his seminal work has aroused divergent opinions

**The Lost Second Book of Aristotle's Poetics** Walter Watson,2012-06-29 Aristotle s lost wisdom on comedy and catharsis come to life in this philosopher s interpretation of recovered ancient writings Aristotle s Poetics was the first philosophical treatise to propound a theory of literature But we know that what remains of this important text is incomplete In the existing material Aristotle tells us that he will speak of comedy address catharsis and give an analysis of what is funny but these promised chapters are missing Now philosopher Walter Watson offers a new interpretation of the lost second book of Aristotle s Poetics A document known as the Tractatus Coislinianus first recovered in the Biblioteque Nationale in Paris in 1839 appears to be a summary of Aristotle s second book Based on Richard Janko s philological reconstruction Watson mounts a compelling philosophical argument that gives revealing context to this document and demonstrates its hidden meanings Watson renders lucid and complete explanations of Aristotle s ideas about catharsis comedy and a summary account of the different types of poetry ideas that influenced not only Cicero s theory of the ridiculous but also Freud s theory of jokes humor and the comic Here at last Aristotle s lost second book is found again

**The Poetics** Aristotle,2017-03-16 Among the most influential books in Western civilization Aristotle s Poetics is really a treatise on fine art In it are mentioned not only epic and dithyrambic poetry but tragedy comedy and flute and lyre playing Aristotle s conception of tragedy i e the depiction of a heroic action that arouses pity and fear in the spectators and brings about a catharsis of those emotions has helped perpetuate the Greek ideal of drama to the present day Similarly his dictums concerning unity of time and place the necessity for a play to have a beginning middle and end the idea of the tragic flaw and other concepts have had enormous influence down through the ages Throughout the work Aristotle reveals not only a great intellect analyzing the nature of poetry music and drama but also a down to earth understanding of the practical problems facing the poet and playwright Now in this inexpensive edition of the Poetics readers can enjoy the seminal insights of one of the greatest minds in human history as he sets about laying the foundations of critical thought about the arts

*Aristotle* Aristotle,2017-07-12 Aristotle s Poetics is the earliest surviving work of dramatic theory and first extant philosophical treatise to focus on literary theory in the West This has been the traditional view for centuries However recent work is now challenging whether Aristotle focuses on literary theory per se given that not one poem exists in the treatise or whether he focuses instead on dramatic musical theory that only has language as one of the elements In it Aristotle offers an account of what he calls poetry a term which in

Greek literally means making and in this context includes drama comedy tragedy and the satyr play as well as lyric poetry and epic poetry They are similar in the fact that they are all imitations but different in the three ways that Aristotle describes

- 1 Differences in music rhythm harmony meter and melody
- 2 Difference of goodness in the characters
- 3 Difference in how the narrative is presented telling a story or acting it out

In examining its first principles Aristotle finds two 1 imitation and 2 genres and other concepts by which that of truth is applied revealed in the poesis His analysis of tragedy constitutes the core of the discussion Although Aristotle s Poetics is universally acknowledged in the Western critical tradition almost every detail about his seminal work has aroused divergent opinions The work was lost to the Western world for a long time It was available in the Middle Ages and early Renaissance only through a Latin translation of an Arabic version written by Averroes Aristotle s work on aesthetics consists of the Poetics Politics Bk VIII and Rhetoric The Poetics is specifically concerned with drama At some point Aristotle s original work was divided in two each book written on a separate roll of papyrus Only the first part that which focuses on tragedy and epic as a quasi dramatic art given its definition in Ch 23 survive

Poetry, with Reference to Aristotle's Poetics John Henry Newman, 1891

**The Poetics of Ancient and Classical Arabic Literature** Esad Durakovic, 2015-04-24 Through analysing ancient and classical Arabic literature including the Qur an from within the Arabic literary tradition this book provides an original interpretation of poetics and of other important aspects of Arab culture Ancient Arabic literature is a realm of poetry prose literary forms emerged rather late and even then remained in the shadow of poetic creative efforts Traditionally this literature has been viewed through a philologist s lens and has often been represented as materialistic in the sense that its poetry lacked imagination As a result Arabic poetry was often evaluated negatively in relation to other poetic traditions The Poetics of Ancient and Classical Arabic Literature argues that old Arabic literature is remarkably coherent in poetical terms and has its own individuality and that claims of its materialism arise from a failure to grasp the poetic principles of the Arabic tradition Analysing the Qur an which is known for confronting the poetry of the time this book reveals that post Qur anic literature came to be defined against it Thus the constitution and interpretation of Arabic literature imposed itself as a particular exegesis of the sacred Text Disputing traditional interpretations by arguing that Arabic literature can only be assessed from within and not through comparison with other literary traditions this book is of interest to students and scholars of Islamic Studies Arabic Studies and Literary Studies

The Reception of Aristotle's Poetics in the Italian Renaissance and Beyond Bryan Brazeau, 2020-04-16 Using new and cutting edge perspectives this book explores literary criticism and the reception of Aristotle s Poetics in early modern Italy Written by leading international scholars the chapters examine the current state of the field and set out new directions for future study The reception of classical texts of literary criticism such as Horace s Ars Poetica Longinus s On the Sublime and most importantly Aristotle s Poetics was a crucial part of the intellectual culture of Renaissance Italy Revisiting the translations commentaries lectures and polemic treatises produced the contributors apply new interdisciplinary methods

from book history translation studies history of the emotions and classical reception to them Placing several early modern Italian poetic texts in dialogue with twentieth century literary theory for the first time *The Reception of Aristotle's Poetics in the Italian Renaissance and Beyond* models contemporary practice and maps out avenues for future study

## Whispering the Strategies of Language: An Emotional Journey through **Aristotles Poetics**

In a digitally-driven world where screens reign supreme and immediate conversation drowns out the subtleties of language, the profound techniques and emotional nuances hidden within phrases often go unheard. However, located within the pages of **Aristotles Poetics** a charming fictional prize sporting with natural thoughts, lies a fantastic quest waiting to be undertaken. Published by an experienced wordsmith, this charming opus invites readers on an introspective journey, delicately unraveling the veiled truths and profound influence resonating within the cloth of each and every word. Within the mental depths of this poignant evaluation, we will embark upon a sincere exploration of the book's key styles, dissect its interesting writing design, and succumb to the strong resonance it evokes strong within the recesses of readers' hearts.
