Architecture Modernity A Critique:

Architecture and Modernity Hilde Heynen, 2000-02-28 Bridges the gap between the history and theory of twentieth century architecture and cultural theories of modernity In this exploration of the relationship between modernity dwelling and architecture Hilde Heynen attempts to bridge the gap between the discourse of the modern movement and cultural theories of modernity On one hand she discusses architecture from the perspective of critical theory and on the other she modifies positions within critical theory by linking them with architecture She assesses architecture as a cultural field that structures daily life and that embodies major contradictions inherent in modernity arguing that architecture nonetheless has a certain capacity to adopt a critical stance vis vis modernity Besides presenting a theoretical discussion of the relation between architecture modernity and dwelling the book provides architectural students with an introduction to the discourse of critical theory The subchapters on Walter Benjamin Ernst Bloch Theodor Adorno and the Venice School Tafuri Dal Co Cacciari can be studied independently for this purpose

Valences of Historiography Gevork Hartoonian, 2024-12-30 The compiled essays offer various themes and ways of approaching historiography Each chapter probes the state of contemporary theorization of architecture histories working toward the theme of critically re writing history Essential to each author s contribution are specific traditions created by the mole of history burrowing through the past This book concerns the historian s conjectures towards capturing the past and present zeitgeist Temporality is the theme running through the narrative of this volume It raises the question of whether the ever growing body of work on architectural history should be considered as history More specifically what is the intersection between history and architectural history Furthermore can every text focused on architecture s past be considered categorically historiographic In what capacity does architectural history index history beyond contingencies and without reducing the text to empirical realities and the historian s interest in a specific subject including those collected through archival research itself an emblem of textuality This book upholds the conviction that the past should be recalled accurately and that there is no history but historical criticism the scope of which exceeds the historicity of Humanism Dialectically the timeline experienced across contemporary techno economic and cultural domains aesthetics offers an opportunity to explore architecture produced outside the Euro American continents *Valences of Historiography* offers a fresh take on architectural history that is useful for academics researchers and architecture students

Essays in Architectural Criticism Alan Colquhoun, 1981 This collection of 17 of Alan Colquhoun s essays marks a watershed in the development of architectural thinking over the past three decades comprising a virtual theory of Modernism in architecture

Boredom and the Architectural Imagination Andreea Mihalache, 2024-08-05 Boredom as an impetus for architectural theory and practice Any theorist or practitioner of architecture must confront and even be compelled by boredom Called ennui Langeweile or acedia boredom is a pressing concern as the production and obsolescence of images accelerates with new technologies leaving individuals saturated with information presented in

fleeting displays that are easy to produce easy to delete and easy to consume In this innovative book Andreea Mihalache discusses the work of a quartet of well known thinkers designer Bernard Rudofsky architects Robert Venturi and Denise Scott Brown and artist Saul Steinberg who all recognized this form of exhaustion and shallowness as the disease of the modern world Rudofsky found it in a deeper and more intimate engagement between the human body and its environment Proclaiming Less is a bore Venturi and later Scott Brown explored excess as the remedy to boredom With detachment and irony Steinberg mocked the homogenous architecture of the American city Taken together Mihalache shows these four offer a comprehensive view of the alienated relationship of individuals with their world at three different yet interrelated scales the body the building and the urban space

Mies at Home Xiangnan Xiong,2022-06-16 Mies at Home is a radical rereading of one of the most significant periods in Mies van der Rohe s career from the mid to late 1920s when he was developing his seminal spatial ideas ideas that would culminate in his celebrated design of the Tugendhat House The book examines how Mies s experience of residing in his apartment doubling as a studio in central Berlin had an impact on his spatial concepts It uncovers one of the most profound but virtually untold aspects of Mies s development how his visions of an ideal lifestyle came out of his own living experience and how they in turn informed his domestic architecture Mies s quest featured two breakthroughs In the Weissenhof apartment building he conveyed a flexible and manifold lifestyle that many of the avant garde artists including himself were practicing Later in the Tugendhat House he put forward an alternative way of living that centered on contemplation Beautifully illustrated throughout Mies at Home offers a fresh investigation of the diverse intentions and strategies the architect used in creating his iconic open spaces It will be an insightful read for researchers academics and students in architectural history and theory

Richard Neutra and the Search for Modern Architecture Thomas S. Hines,Richard Joseph Neutra,1994-01-01 An important contribution to the understanding of modernist culture in the United States and a perceptive analysis of the achievement of a major American architect with a European background and an international reputation William Jordy Brown University This study part biography and part architectural analysis is a modern masterpiece of architectural history The prose is lucid and sometimes elegant very much like the work of Richard Neutra which it so brilliantly examines Peter Gay Yale University An important contribution to the understanding of modernist culture in the United States and a perceptive analysis of the achievement of a major American architect with a European background and an international reputation William Jordy Brown University

Designing the Modern Interior Penny Sparke,2009-06 Presents a history of interior design from the late 19th to the 21st centuries and examines particular characteristics that are consistent across this period

Writing the Modern City Sarah Edwards,Jonathan Charley,2012-03-12 Literary texts and buildings have always represented space narrated cultural and political values and functioned as sites of personal and collective identity In the twentieth century new forms of narrative have represented cultural modernity political idealism and architectural innovation Writing the Modern City explores the diverse and

fascinating relationships between literature architecture and modernity and considers how they have shaped the world today This collection of thirteen original essays examines the ways in which literature and architecture have shaped a range of recognisably modern identities It focuses on the cultural connections between prose narratives the novel short stories autobiography crime and science fiction and a range of urban environments from the city apartment and river to the colonial house and the utopian city It explores how the themes of memory nation and identity have been represented in both literary and architectural works in the aftermath of early twentieth century conflict how the cultural movements of modernism and postmodernism have affected notions of canonicity and genre in the creation of books and buildings and how and why literary and architectural narratives are influenced by each other s formal properties and styles The book breaks new ground in its exclusive focus on modern narrative and urban space The essays examine texts and spaces that have both unsettled traditional definitions of literature and architecture and reflected and shaped modern identities sexual domestic professional and national It is essential reading for students and researchers of literature cultural studies cultural geography art history and architectural history

The Emergence of the Interior Charles Rice, 2006-11-22 Taking a radical position counter to many previous histories and theories of the interior domesticity and the home *The Emergence of the Interior* considers how the concept and experience of the domestic interior have been formed from the beginning of the nineteenth century It considers the interior s emergence in relation to the thinking of Walter Benjamin and Sigmund Freud and through case studies in architecture s trajectories toward modernism The book argues that the interior emerged with a sense of doubleness being understood and experienced as both a spatial and an image based condition Incorporating perspectives from architecture critical history and theory and psychoanalysis *The Emergence of the Interior* will be of interest to academics and students of the history and theory of architecture and design social history and cultural studies

Walter Benjamin and the Architecture of Modernity Andrew Benjamin, Charles Rice, 2009 Walter Benjamin is universally recognised as one of the key thinkers of modernity his writings on politics language literature media theology and law have had an incalculable influence on contemporary thought Yet the problem of architecture in and for Benjamin s work remains relatively underexamined Does Benjamin s project have an architecture and if so how does this architecture affect the explicit propositions that he offers us In what ways are Benjamin s writings centrally caught up with architectural concerns from the redevelopment of major urban centres to the movements that individuals can make within the new spaces of modern cities How can Benjamin s theses help us to understand the secret architectures of the present This volume takes up the architectural challenge in a number of innovative ways collecting essays by both well known and emerging scholars on time in cinema the problem of kitsch the design of graves and tombs the orders of road signs childhood experience in modern cities and much more Engaged interdisciplinary bristling with insights the essays in this collection will constitute an indispensable supplement to the work of Walter Benjamin as well as providing a guide to some of the obscurities of our own

Modernism and Modernisation Helen Castle, 1999-04-06 Modernization has become the soundbite of the 1990s What is the role of architecture within this quest for the modern The modernism of the 1990s is very different from its precursors earlier this century Where the pre war Modern Movement saw itself as an instrument of social change today s modernism is most visible in shops and restaurants where the International Style tended towards standardization and uniformity architects today aim for flexibility and individuality In examining these and other contemporary issues *Modernism and Modernization in Architecture* looks towards a new definition of modernism for our times *Forthcoming Books* Rose Arny, 2000-06

Afterimages of Modernity Henry Sussman, 1990 *House of Fashion* Jess Berry, 2018-07-12 Since Charles Fredrick Worth established his luxurious Maison de Couture in 1858 the interior has played a crucial role in the display of fashion *House of Fashion* provides a full historical account of the interplay between fashion and the modern interior demonstrating how they continue to function as a site for performing modern gendered identities for designers and their clientele alike In doing so it traces how designers including Poiret Vionnet Schiaparelli and Dior used commercial spaces and domestic interiors to enhance their credentials as connoisseurs of taste and style Taking us from the early years of haute couture to the luxury fashion of the present day Berry explores how the salon the atelier and the boutique have allowed fashion to move beyond the aesthetics of dress to embrace the visual seduction of the theatrical artistic and the exotic From the Art Deco allure of Coco Chanel s Maison to the luminous spaces of contemporary flagship stores *House of Fashion* sets out fashion s links with key figures in architecture and design including Louis S e Robert Mallet Stevens Eileen Gray and Jean Michel Frank Drawing on photographs advertisements paintings and illustrations this interdisciplinary study examines how fashionable interiors have shaped our understanding of architecture dress and elegance **Papers - The American Association of Architectural Bibliographers** American Association of Architectural Bibliographers, 1966 [Architectural Design, Architectural Theory, History, and Criticism, Human Behavior, Professional Practice, Special Topics, Urban Design](#)

Theory and History Georgia Bizios, 1998 **Southeast Asia's Modern Architecture** Jiat-Hwee Chang, Imran bin Tajudeen, 2019

What is the modern in Southeast Asia's architecture and how do we approach its study critically? This pathbreaking multidisciplinary volume is the first critical survey of Southeast Asia's modern architecture. It looks at the challenges of studying this complex history through the conceptual frameworks of translation, epistemology, and power. Challenging Eurocentric ideas and architectural nomenclature, the authors examine the development of modern architecture in Indonesia, Malaysia, Myanmar, the Philippines, Singapore, Thailand, and Vietnam, with a focus on selective translation and strategic appropriation of imported ideas and practices by local architects and builders. The book transforms our understandings of the region's modern architecture by moving beyond a consideration of architecture as an aesthetic artifact and instead examining its entanglement with different dynamics of power.
