This is an open access book. As a leading role in the global megatrend of scientific innovation, China has been creating a more and more open environment for scientific innovation, increasing the depth and breadth of academic cooperation and building a community of innovation that benefits all. Such endeavors are making new contributions to the globalization and creating a community of shared future. To adapt to this changing world and China's fast development in the new era, the 2023 8th International Conference on Modern Management and Education Technology (MMET 2023) will be held in September 22-24, 2023. This conference, bringing together global wisdom in scientific innovation to promote high-quality development as the theme, focuses on cutting-edge research fields including Modern Management and Education Technology. MMET 2023 encourages the exchange of information at the forefront of research in different fields, connects the most advanced academic resources in China and the world, transforms research results into industrial solutions, and brings together talent, technology, and capital to drive development. The conference sincerely invites experts, scholars, business people, and other relevant personnel from universities, scientific research institutions at home and abroad to attend and exchange.
