Contemporary Debates On Civil Liberties Enduring Constitutional Questions:

Contemporary Debates on Civil Liberties Glenn A. Phelps, Robert A. Poirier, 1985-09 **Constitutional Government**
James A. Curry, Richard B. Riley, Richard M. Battistoni, 2003 George Washington Reconsidered Don Higginbotham, 2001
George Washington heroic general of the Revolution master of Mount Vernon and first president of the United States remains the most enigmatic figure of the founding generation with historians and the public at large still arguing over the strengths of his character and the nature of his intellectual and political contributions to the early republic Representing the finest recent scholarship on Washington these thirteen essays by the leading scholars in the field strike a balance between Washington's personal life and character and his public life as a soldier and political figure Editor Don Higginbotham provides an introduction about Washington and his treatment by historians and an afterword devoted to how the American people have viewed Washington including the 1999 commemorations of the bicentennial of his death With three essays written specifically for this volume *George Washington Reconsidered* is the first collection of its kind to be published in over thirty years **Constitutional Commentary**, 1987 *Decision-Aiding Software and Legal Decision-Making* Stuart S. Nagel, 1989-09-26 The use of microcomputers as decision aids in law practice is increasing rapidly Nagel here shows how developments in software over the last few years are making microcomputers practically indispensable to lawyers as decision aids This is in contrast to his earlier book on *Microcomputers as Decision Aids in Law Practice* It dealt speculatively with ways in which decision aiding software could be used by lawyers for judicial prediction litigation strategy allocating scarce resources and negotiation mediation The book is divided into three parts covering general developments specific lawyer skills and application to all fields of law The first part previews various uses of decision aiding software by practicing lawyers including a general discussion of the potential and actual benefits of such software How decision aiding software enhances specific lawyer skills comprises the second and largest part of the work Among the topics discussed are computer aided counseling computer aided mediation legal policy evaluation and computer aided advocacy law prediction and legal administration In the third part Nagel assesses applications of decision aiding software to all fields of law with an emphasis on contracts property torts family law criminal law constitutional law economic regulation international law civil procedure and criminal procedure In a provocative concluding chapter he deals with the thorny issues of individual ethics and professional responsibility in the context of microcomputers Because decision aiding software encourages decision makers to be much more explicit about their goals than they otherwise would be its use raises questions as to whose goals should be pursued and to what degree This is a nuts and bolts guidebook that will be a valuable tool for practicing attorneys with some knowledge of microcomputers and is recommended reading for legal scholars and law students **Litigating Morality**
Wayne C. Bartee, Alice Fleetwood Bartee, 1992-02-20 This volume is a thematic study in legal history that uses past and present landmark court cases to analyze the legal and historical development of moral regulatory policies in America and

resulting debates Using a critical variable approach the book demonstrates how different elements of the legal process have historically influenced the litigation of various moral issues Five moral policies are included abortion sodomy pornography criminal insanity and the death penalty The book s framework for analysis uses examples from English legal history and links them to American cases demonstrating how moral regulatory policies are impacted by the legal process by laws by judges and juries by legal scholars and by attorneys Following a brief introduction Chapter 1 examines how protagonists in the bitter moral and legal controversy over abortion in America have sought to fortify their positions with the views of prominent English legal authorities The authors discuss the role of English legal scholars in court opinion and oral arguments in Webster and in Roe v Wade and debates Roe s interpretation of the English legalists Chapter 2 describes how attempts to expand a right of privacy under the federal Constitution to include sodomy failed the test for common law rights Rights of Englishmen in Bowers v Hardwick 1986 and includes a history of sodomy in early English and American law Chapter 3 discusses pornography standards and laws highlighting the history of legal actions taken against *Memoirs of a Woman of Pleasure* in both England and the U S demonstrating the role of precedent in American judicial efforts to define pornography In Chapter 4 which deals with the criminal insanity defense the influential role of the defense attorney on case outcomes is illustrated in cases such as England s McNaughton case 1843 and America s Hinckley case 1982 Chapter 5 deals with cruel and unusual punishment throughout U S and English history The book ends with an epilogue which ties together the idea of the American legal process as an inherited English process reiterating how decisionmakers continually mine the past to find traditions and sources of moral values for justifying or criticizing current laws and policies

Federal Lands and Public Policy Phillip O. Foss,1985 Congressional Quarterly's Guide to the U.S. Supreme Court Elder Witt,1990 The 1979 edition is cited in BCL3 A comprehensive reference detailing the origins and development of the Court and the Court in relation to the federal system the individual external pressures Operations and procedures and their evolution are explain A separate section provides material about the justices in general and biographical sketches each one Some 400 major decisions are summarized nine documents and texts are included along with appendices of relevant data Indexed by case as well as subject Annotation c Book News Inc Portland OR booknews.com

Bowker's Law Books and Serials in Print ,1986 **The Supreme Court and Individual Rights** Elder Witt,1988 This book for law students describes Supreme Court doctrines and decisions as they apply to voting free speech protection from illegal search and seizure and other key constitutional rights

Guide to the U.S. Supreme Court Joan Biskupic,Elder Witt,1997 *Introduction to American Law* St. Clements University - Türkiye, Introduction to American Law Overview of the U S Legal System Branches of Government and Separation of Powers The U S Constitution and Bill of Rights Administrative Law and Federal Agencies Civil Procedure and the Court System Criminal Law and the Criminal Justice Process Contract Law and Business Transactions Tort Law and Personal Injury Property Law and Real Estate Intellectual Property Law Family Law and Domestic Relations Immigration and

Citizenship Law Conclusion and Key Takeaways Social Theory and Practice ,1986 **The British Library General Catalogue of Printed Books, 1986 to 1987** British Library,1988 *Guide to the U.S. Supreme Court* David G. Savage,2004 **Amerikastudien** ,1989 *Law Books in Print: Subjects* Nicholas Triffin,1987 **Law Books in Print: Subject index** Nicholas Triffin,1994 **Law Books in Print: Title index** Nicholas Triffin,1994 The Supreme Court and Individual Rights Joan Biskupic,Elder Witt,1997 This updated edition examines the impact of significant Supreme Court decisions on the rights and freedoms of the individual Focusing primarily on the 20th century and current through the 1995 1996 term the book provides full coverage of the freedoms outlined in the Bill of Rights including modern equality issues such as affirmative action and rights allowed illegal immigrants to the United States The Supreme Court and Individual Rights begins with an overview of individual rights and covers four main topics Freedom for Ideas The Rights of Political Participation Due Process and Criminal Rights and Equal Rights and Personal Liberties Appendixes include a glossary of legal terms an explanation of how to read a legal citation and biographies of the justices
