government and one on local government Each of the twenty seven chapters is introduced by a brief essay which provides a historical or conceptual backdrop for the essays which follow Each reading in turn is introduced by several provocative questions or a brief background statement We have attempted to enhance reader interest and readability by style format and editing as well as by the careful selection of essays We have included some thirty cartoons and illustrations About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
