Warren Douglas,2001-01-01 A MILLENNIUM IN PROVENCE A lost little girl weeps in the high wilderness and her cries are heard Is her rescuer a crazy lonely woodsman or a timeworn Celtic god and she his only believer Does an ancient female deity live beside the ool among the ancient trees of the cool beeS grove or is she little Pierrette s imaginary friend a poor substitute for a murdered mother Will the Black Time come when dark evil machines tower over the sunny little harbor of Citharista and all the goodness of the world is locked in an ebon box or will young Pierrette indeed become the great sorceress of her dreams with fire at her fingertips to stem the evil tide Journey with her across the ancient landscape wander among the bleaching limestone bones of dragons that lie still atop the hills and see for yourself whether the old gods yet endure The Sacred Pool stands at the midpoint of a vast historic tapestry try looking both forward and back From the sea girt Paleolithic caves of Sormiou and enchanted forests of ancient Gaul to the steamy swamps of Midicor IV a million years hence from old Polybius in his leather tent at the siege of Numantia to Achibol the Charlatan in a cybernetic fortress buried beneath the Columbia Icefields of Alberta L Warren Douglas is there and he takes his readers with him At the publisher s request this title is sold without DRM Digital Rights Management **Vivre le conte dans sa classe** Charlotte Guerette,2011-08-19T00:00:00-04:00 Le conte est un outil d apprentissage extraordinaire pour l enfant Les pistes de d couverture et les activit s p dagogiques propos es dans cet ouvrage permettent l enseignant d exploiter le conte pour d velopper des comp tences transversales chez l l ve et favoriser le d cloisonnement disciplinaire **Contes traditionnels de Provence** Joseph Roumanille,2014-09-01 [Soldier and Peasant in French Popular Culture, 1766-1870](#) David M. Hopkin,2003 Concentrating on the militarised borderlands of eastern France this book examines the disjuncture between the patriotic expectations of elites and the sentiments expressed in folksongs folktales and popular imagery in which issues of sexuality violence and separation took far greater prominence Hopkin follows the soldier through his life cycle from greenhorn recruit to grizzled veteran to show how the peasant conscript was separated from his previous life and re educated in military mores and the response that this transformation elicited from his family and community **BOOK JACKET** *Methods for the Study of Literature as Cultural Memory* ,2022-06-08 In this volume collaborators from different universities all over the world explore a wide variety of methods for the study of literature as cultural memory In literature the past may be re constructed in various ways and in very diverse forms This immediately raises the question as to how one can describe and inventory the various discourses and metadiscourses of historical representation In what sense can the rhetoric of literary historiography itself contribute to literature s function as cultural memory Which methods of analysis are most appropriate for describing specific text types or genres as cultural memory What have been the pragmatic uses and the ethical merits of the stability and continuity that literature has often provided for European American Asian and African cultures What are the dilemmas they create for our

teaching at the end of the twentieth century To all these questions a wide range of scholars here tries to find answers In thorough and highly original contributions they not only address theoretical problems but also engage themselves in practical analyses of specific works

The Superstitious Mind Judith Devlin,1987-01-01 This intriguing book examines popular religion traditional medicine witchcraft apparitions demonology and magic in nineteenth century rural France Devlin demonstrates that many of the impulses and mental processes now considered superstitious constituted a wholly reasonable response to the pressures of a harsh and impoverished life Far from the product of a primitive mentality many of these beliefs have survived in modern culture and can even illuminate the nature of modern mass politics
