Distant Friends And Intimate Strangers:

Distant Friends and Intimate Strangers Harriet A. Stanley, 2001 *Distant Friends and Intimate Strangers* Charles East, 1996 Fourteen stories on old age In *Crazy Heart* an old man reflects on his failed marriage while Mr Alello is on the indignity of a lonely death **Not Quite Hope and Other Political Emotions in the Gilded Age** Nathan Wolff, 2019 *Not Quite Hope and Other Political Emotions in the Gilded Age* argues that late nineteenth century US fiction grapples with and helps to conceptualize the disagreeable feelings that are both a threat to citizens agency and an inescapable part of the emotional life of democracy then as now In detailing the corruption and venality for which the period remains known authors including Mark Twain Harriet Beecher Stowe Henry Adams and Helen Hunt Jackson evoked the depressing inefficacy of reform the lunatic passions of the mob and the revolting appetites of lobbyists and office seekers Readers and critics of these Washington novels historical romances and satiric romances a clef have denounced these books fiercely negative tone seeing it as a sign of cynicism and elitism *Not Quite Hope* argues in contrast that their distrust of politics is coupled with an intense investment in it not quite apathy but not quite hope Chapters examine both common and idiosyncratic forms of political emotion including crazy love disgust cynicism election fatigue and the myriad feelings of hatred and suspicion provoked by the figure of the hypocrite In so doing the book corrects critics too narrow focus on sympathy as the American novel s model political emotion We think of reform novels as fostering feeling for fellow citizens or for specific causes This volume argues that *Gilded Age* fiction refocuses attention on the unstable emotions that continue to shape our relation to politics as such

An F. Scott Fitzgerald Encyclopedia Robert L. Gale, 1998-11-19 F Scott Fitzgerald is one of the most challenging authors of American literature He is known internationally as the author of *The Great Gatsby* 1925 a twentieth century literary classic studied by high school students and scholars alike But Fitzgerald was an amazingly productive writer despite numerous personal and professional difficulties From the beginning of his literary career with the publication of *This Side of Paradise* in 1920 to his death in 1940 he wrote 5 novels roughly 180 short stories numerous essays and reviews much poetry several plays and some film scripts Even when he wrote hastily and perhaps bleary eyed his works almost always exhibit the flashes of his genius He is celebrated as a symbol of the Jazz Age and the Roaring Twenties but beneath all the glitter for which his prose is famous he warns of the dangers of personal recklessness and praises the redemptive power of love Through hundreds of alphabetically arranged entries this reference book provides complete coverage of Fitzgerald s life and writings The volume begins with a chronology that traces his rise from obscurity to fame his struggles with alcoholism and his eventual financial downfall The entries that follow give a full and detailed picture of Fitzgerald and his work They present the essential action in Fitzgerald s novels short stories plays and poems identify all named fictional characters and indicate their significance and give brief biographical information for Fitzgerald s family members friends and professional associates Many of the entries include bibliographies which emphasize criticism published after 1990 and the volume closes with a

general bibliography of the most important broad studies of Fitzgerald and his works A thorough index and extensive cross references provide additional access to the wealth of information in this reference book and help make it a useful tool for a wide range of users

From Twitter to Tahrir Square Bala A. Musa, Jim Willis, 2014-06-24 This timely guide examines the influence of social media in private public and professional settings particularly the ethical implications of the cultural changes and trends created by their use In the quest for quick dissemination of information web users and content providers find both opportunity and liability in digital broadcasts Examples abound Twitter members tap into news reports well in advance of traditional print media but stories are prone to inaccuracies and misinformation Facebook shares useful data mined from member profiles but this sharing often compromises privacy It is no surprise that use of social media gives rise to a host of moral dilemmas never before encountered This book sheds light on the effects of this new medium on the individual and society Through two volumes

chock full of topics found in news headlines everyday the authors look at evolving trends in social media and their impact on privacy politics and journalism The first volume explores the role of this technology on national and international security Volume 2 focuses on the individual as both a producer and consumer of internet content showing how the media itself is changing notions of self identity relationships and popular culture The book s content covers such topics as individual and community psychology citizen journalism and corporate technology [The Distance Cure](#) Hannah Zeavin,2021-08-17 Psychotherapy across distance and time from Freud s treatments by mail to crisis hotlines radio call ins chatbots and Zoom sessions Therapy has long understood itself as taking place in a room with two or more people engaged in person to person conversation And yet starting with Freud s treatments by mail psychotherapy has operated through multiple communication technologies and media These have included advice columns radio broadcasts crisis hotlines video personal computers and mobile phones the therapists broadly defined can be professional or untrained strangers or chatbots In [The Distance Cure](#) Hannah Zeavin proposes a reconfiguration of the traditional therapeutic dyad of therapist and patient as a triad therapist patient and communication technology Zeavin tracks the history of teletherapy understood as a therapeutic interaction over distance and its metamorphosis from a model of cure to one of contingent help She describes its initial use in ongoing care its role in crisis intervention and symptom management and our pandemic mandated reliance on regular Zoom sessions Her account of the distanced intimacy of the therapeutic relationship offers a powerful rejoinder to the notion that contact across distance or screens is always less useful or useless to the person seeking therapeutic treatment or connection At the same time these modes of care can quickly become a backdoor for surveillance and disrupt ethical standards important to the therapeutic relationship The history of the conventional therapeutic scenario cannot be told in isolation from its shadow form teletherapy Therapy Zeavin tells us was never just a talking cure it has always been a communication cure [The Southern Review](#) ,2005 *Daughter of My People* James Kilgo,2000 From the threads of actual events acclaimed essayist James Kilgo weaves a richly textured debut novel set in rural South Carolina in the early 20th century telling the story of two brothers and their cousin a mixed race woman whom one brother loves and the other dishonors [Publications of the State of Illinois 1994](#) , [Let Me Tell You Where I've Been](#) Persis M. Karim,2006-05 Until recently Iranian literature has overwhelmingly been the domain of men But in the twenty seven years since the Iranian revolution women both in Iran and in the diaspora have written and published in unprecedented numbers The new hybrid cultures of Iranian diaspora writers has given way to a uniquely feminine literary voice the Iranian diaspora is an extensive collection of poetry fiction and nonfiction that explores through literature the influences of history revolution war exile and immigration The work in this collection uncovers an emerging multicultural generation of female sensibility and eloquence Unlike the tired familiar images of Iran in the media these women write about the complicated spaces between cultures and capture a unique and still emerging literature They challenge both the patriarchal literary tradition of Iran and the singular portrayals in the West of Iranian women as veiled

silent and lacking in agency published before from over fifty contributors including such well known writers as Susan Atefat Peckham Tara Bahrampour Firoozeh Dumas Azadeh Moaveni and Farnoosh Moshiri the collection represents a substantial cross section of this unique multicultural community Organized around six general themes including home and away family and tradition gender politics love and silence Let Me Tell You Where I ve Been creates a rich conversation about Iran Iranian culture the Persian and English languages and the dual identities of its authors In a time when Iran is cited daily in the news and political rhetoric is at an all time high this collection offers a complex and humanizing literary representation These writers bring their individual and collective vision and offer a powerful new voice to the international literary scene
