

A woman with blonde hair, seen from the side, is looking at a framed portrait of a man in a military uniform. The portrait is set against a background of patterned wallpaper and a string of warm white lights. The overall mood is nostalgic and sentimental.

## **Distant Hearts:**

*Distant Hearts* Jaclyn Weldon White, 2004 Graduate student Jill Barnes is running out of time to produce a thesis while still struggling to come to terms with her mother's recent death. When a collection of papers belonging to a prominent 19th century statesman become available for study, Barnes leaves her home and travels to Barnett County in middle Georgia to take advantage of the opportunity. The collection is everything she'd hoped for, but Jill finds herself less and less able to concentrate on the task at hand. Grief over her mother's death is increasingly intruding into her thoughts and Barnett County is not the bucolic rural community Jill assumed it would be. The county is divided and violence breaks out. In the midst of it all, Jill finds a Civil War diary among the statesman's papers that captures her life. In the diary, she discovers a young woman's life and loss that mirrors her own. This first novel is about searching for answers to life's most basic questions and finding answers in the most unlikely places.

**Why the Sea is Salt** Kirkpatrick Sale,2001-03-22 This volume of Kirkpatrick Sale s poetry the first to bring together his work of over twenty years is unusual in two important ways First the poetry is for the most part traditional in form with rhyme and rhythm though the lengths and metric schemes are often inventive In an age dominated by free and sometimes wholly unpoetic verse like playing tennis with the net down as Robert Frost famously said these poems for the most part adhere to conventional lyric principles and stand out as examples of how fluid and unforced the language can be even as it follows those strictures Second the subject matter of almost all the poems is deeply personal with intimate portraits of the most basic and sometimes the most anguishing emotions This represents a side of the author that has never been on display so completely before though those familiar with his historical and critical works will see in them resonances of the same sensibility and passion Thus while it is unusual to see an author noted for historical writing and a critique of the modern industrial epoch explore so intimately the sense and sensibility of an individual feeling like love Sale has previously written of the need for an impassioned relationship to the earth as a necessary fundamental of an ecological society Some previous critical assessments of Sale s work Acute and tough minded Larry McMurtry I am filled with admiration Joseph Heller Poems of the highest order and deepest passion John Paulits Lucid vigorous a delight The New Yorker      *The Gardener's Assistant: Practical and Scientific ...* Robert Thompson (Horticulturist.),1878      **Valley of the Shadows & Surrender** Rochelle L. Holt,2004-09-14 Valley of the Shadows is a duet of two novels concerning the fickleness of pursuing fame in a society that measures success by media adoration In the title novel Marya Brooks an experienced poet in her seventies decides to practice amateur obeah voodoo to cast negative spells on her favorite top five poets the thriving competition Only when each poet begins to die mysteriously does she develop guilt for her actions Her former student H D believes her research can dispute Marya s fallacious theories Surrender the second poem novel alternates between viewpoints of Rory Pole an aspiring songwriter and her idol country music rising star Maggie Moore Also set in the southeast primarily on both coasts of southern Florida Rory is bitter when she receives no response from Maggie but notices that lines of her poems begin appearing in the singer s songs In both novels all characters eventually give up illusions and false patterns of behavior in these chilling stories regarding the relevance of mass recognition and inordinate acclaim and adulation They are novels of

the future in accord with Anais Nin s tenets that commingle art with moral issues for compelling psychological literature
